Introduction to Critical Thinking

When: 08 MARCH 2023 from 0800-1700

Where: Building 104, Camp Murray, WA

This course is designed to introduce criminal analysts to the Analytic Virtues and Vices and six different Structured Analytic Techniques or analytic processes. These techniques include: Analysis of Competing Hypotheses; Key Assumptions Check; the CARVER Matrix; Red Hat analysis; Red Team analysis; and Structured Brainstorming.

These six techniques will improve the ability of criminal analysts to analyze information and produce evidence in a complete and accurate manner. These structured techniques externalize the analytic reasoning process and this makes it easier for analysts to describe their reasoning process to others; to work in analytic teams; and to give briefs or write reports. The majority of this course will be spent working through different exercises using these techniques. The course is 8 hours long and there are no pre-requisites.

To register:

- **Visit Western Regional Counterdrug Training Center's website at www.WRCTC.org**
- **Click on "Attend Training"**
- **Scroll to find the training that you would like to register for and click on **Apply For Training****
