

# Advanced Roadside Impaired Driving Enforcement (ARIDE)

---

**Washington State Patrol  
Impaired Driving Section  
Drug Evaluation and Classification Program**

**16-hour instruction in Advanced Roadside Impaired Driving Enforcement (ARIDE) is intended to assist law enforcement officers to enhance proficiency in detecting, apprehending, testing, and prosecuting impaired drivers.**

Upon successful completion, participants will be able to recognize that an individual may be under the influence of a drug or drugs, other than alcohol, or under the combined influence of alcohol and other drugs or suffering from some injury or illness that produces signs similar to alcohol/drug impairment.

ARIDE bridges the gap between Standardized Field Sobriety Testing (SFST) and the roles and responsibilities of the Drug Recognition Expert (DRE). This course does not certify an officer as a DRE. For those interested in becoming a DRE, this course is required.

**Prerequisite:** Students should be a state certified or commissioned law enforcement officer in a full-time paid capacity and be SFST trained. To attend, WA officers must possess a valid breath test instrument operators permit for the state of Washington. Reserve officers will be allowed to attend if SFST trained.

**Required:** Participants will be required to complete an SFST proficiency test on the first day of class. If you are normally allowed to use the trifold SFST card during a DUI stop, you may use them during the test.

If space permits, prosecutors, toxicologists, parole, and probation officers are allowed to audit this course. This training will aid their understanding of the signs of impairment related to drugs, alcohol, or a combination of both, but it will not qualify these individuals with SFST proficiency.

**COST: FREE**

**Class Date and Time:**

February 8-9, 2023, 0800-1700

**Location:**

Bellevue Police Department  
3rd Floor-Personnel Services/Training Unit, Room 3W-109  
450 110th Avenue NE  
Bellevue WA 98004
