Authorizing Source:		Applies to: All Staff

I. GENERAL INFORMATION

This manual provides Washington State Criminal Justice Training Commission (WSCJTC) staff with a readily accessible source of policy, procedure, and information which comply with state rules.

The manual is intended to serve as a guide and framework within which employees can make decisions. It is not intended to cover every situation that may arise in the discharge of an employee's duties.

This manual is issued on the authority of the Executive Director. All staff are required to familiarize themselves with the contents and keep them at their workplace for immediate access.

Certain policies in the manual may be covered by bargaining agreements. In cases where agency policy differs from language in an agreement, the language in the agreement shall take precedence. When the agreement language covers part, but not all, of agency policy, the area of the agency policy not covered will control.

II. REVISION OF POLICIES

This edition of the manual contains many policy additions and revisions. This manual supersedes policies and procedures that have been put into place by previous administrations. A proper review of commission policies and procedures was conducted and the policies herein have been vetted through WSCJTC leadership in a concurrence process over the last year.

III. ORDERS AND DIRECTIVES

The policy manual will be reviewed annually for any revisions. Changes to information contained in this manual, prior to the annual review, will be communicated through the Weekly Message from the Executive Director's Office. Employees can find the current policy manual on the intranet SharePoint site and on the WSCJTC webpage.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 1 Policy 03 Copyright and Management	Revised: 2/13/2023; 12/26/2023
Authorizing Source: Federal Copyright Law, 17 U.S.C. Section § 101 The International Berne Convention for the Protection of Literary and Artistic Works of 1971, joined by the United States in 1989		Applies to: All Staff

I. PURPOSE:

This policy establishes procedures for the use of materials protected by copyright laws or license. This policy applies to all employees, contracted staff, instructors, and students of the Washington State Criminal Justice Training Commission (WSCJTC).

II. DEFINITIONS:

Plagiarism – The use of another's ideas, information, language, or writing, when done without proper acknowledgment of the original source.

Copyright - A form of intellectual property that grants its holder the sole legal right to copy their works of original expression for a defined period of time.

Creative Commons – An open-source licensing that establishes agreements between the owner and user of agency created material that is enforceable.

Derivative Work - A work based on or derived from one or more already existing works. Common derivative works from WSCJTC may include translations, abridged, or enhanced resources, or collections of adapted materials. The new work must contain a sufficient element of originality that makes it a new work in its own right. For example, correcting grammatical errors or adding a sentence to a single paragraph typically will not create a new work and would therefore be a derivative work

Works of authorship – include the following categories:

- A. literary works;
- B. musical works, including any accompanying words;
- C. dramatic works, including any accompanying music;
- D. pantomimes and choreographic works;
- E. pictorial, graphic, and sculptural works;
- F. motion pictures and other audiovisual works;
- G. sound recordings; and
- H. architectural works.

Works made for hire - Section 101 of the Copyright Act (Title 17 of the U.S. Code) defines a “work made for hire” in two parts:

- A. a work prepared by an employee within the scope of his or her employment or
- B. a work specially ordered or commissioned for use as a contribution to a collective work, as a part of a motion picture or other audiovisual work, as a translation, as a supplementary work, as a compilation, as an instructional text, as a test, as answer material for a test, or as an atlas.

III. POLICY:

A. Washington State Criminal Justice Training Commission Copyright Ownership

1. Copyright Ownership consistent with federal copyright law, WSCJTC affirms that original works of authorship created by employees within the scope of employment are “works made for hire” and owned by WSCJTC. Except where otherwise agreed to in writing, WSCJTC affirms that original works of authorship produced by contractors which fall under “work made for hire” definition are owned by WSCJTC. (See works for hire section in the contract template under WSCJTC General Terms and Conditions.)
2. Except when in conflict with stated policies, grantees receiving funds managed by WSCJTC from state, federal, private foundation, or other funding sources shall own copyright on their original works of authorship; however, as a condition of receiving a grant, such grantees are subject to the licensing policies below.
3. This policy does not affect retention schedules.

B. Usage of Creative Common Licensing

1. The WSCJTC will utilize the Creative Common usage for curriculum materials to note the allowable usage of material by outside individuals when providing curriculum to students, stakeholders, and the public regarding the usage of the documents.
2. The curriculum manager or designee and program manager will discuss and properly label curriculum documents as necessary with the appropriate creative commons usage to protect the integrity of WSCJTC curriculum.

C. Usage of Outside Copyrights

1. It is illegal to copy materials that are copyright protected without documented permission. Examples of copyright materials include:
 - a. Most information on the Internet.
 - b. Published writings including books, magazine articles, and newspapers.
 - c. Videotapes, DVD, CD, and audio tapes.
 - d. Computer software packages.
 - e. Photographs, either in print form or on the Internet.
 - f. Works of art and the images of the work.
2. Tangible mediums of expression that may be “perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device.”
3. Copyright protection exists if the material is marked with a claim of copyright, but a copyright need not be present for the protection to exist (i.e., artistic works like paintings and sculpture). Most works are presumed to have a copyright.
4. Staff, contracted staff, instructors, and students must not plagiarize any materials nor use any materials that are copyrighted without written permission.
5. Information found on the internet such as YouTube videos, images on Google, and other platforms are presumed to have a copyright. The WSCJTC can only use the content if the author/creator or publication allows permissible use of the content. Permissible use can be attained by written permission on a website or alongside the content, by WSCJTC staff receiving authorization for use, or by creating a contract for express permission by the author/creator, or publication.
6. All copyright agreements will be saved in the WSCJTC Worldwide Instructional Design System (WIDS). This can be in the form of a screenshot of a website agreement, saving an email from an author, or retention of a contract.

- b. The Records Manager will review the unique retention schedules at least annually to ensure they are meeting the agency's business needs. The Records Manager will notify each Records Coordinator when their division is scheduled for a review of their record retention schedule and will work with them to ensure the schedule is complete, accurate, and consistent with current operation procedures and requirements. Any changes to the schedule must be approved by the State Records Committee.
- c. Transferring Records to the State Records Center. Hard copy records may be transferred to the State Records Center at any time once they are inactive and there is no longer a need to house the records in the WSCJTC office, and before their retention period has been met. The Records Coordinator will prepare a State Records Center transmittal form for approval by the Records Manager.

2. Disposition of Records

- a. Destruction of Records Stored at the State Records Center. The State Records Center sends a records destruction approval request to the WSCJTC when records stored there have met retention. The Records Coordinator will send the destruction approval request to the Records Manager for review and signature approving final destruction. If the records are involved in litigation, are archival, or have a legitimate reason to be held, the Records Manager shall note this on the destruction approval request and return it to the Records Coordinator.
- b. Destruction of Records Stored In-Office. Records that have met their retention period should be destroyed promptly, unless there is a compelling business need to keep the records for longer.
 - i. For records with a retention period of one year or greater, including electronic records, the Records Coordinator will verify that cut-off and retention have been met according to the records retention schedule and fill out a Destruction Form for the Record Manager's approval.
 - ii. For records with a retention period of less than one year, the WSCJTC employee managing the record may destroy the record once retention has been met without filling out a Destruction Form.
- c. Archiving records. Records designated as "Archival" in the remarks section of the retention schedule cannot be destroyed. The Records Coordinator should contact the Records Manager to make arrangements to have the records sent to the Secretary of State's Archives division office.

3. Essential Records. The Records Manager and Records Coordinators have the task of identifying and maintaining a list of Essential Records and reviewing the list on an

- annual basis. For each Essential Record, the method for safeguarding the record (backup) shall be identified. The Records Manager will forward the completed Essential Records list, and any revisions to the list, to the Assistant Director for final approval. Essential Records shall also be identified as such on the records retention schedules.
4. Records holds. WSCJTC management will notify the Records Manager when the agency is or may be involved in litigation or other civil action in order to place a records hold on records that may be required in document production or discovery. The Records Manager will issue a records hold and send a notice to the affected areas and/or employees of the agency noting the types of records involved. The affected areas must not destroy any of the identified records. Affected employees may be asked to sign a statement indicating they were notified of the records hold and have not destroyed any records.
 5. Departing employees. Prior to a departing employee's last day with the WSCJTC, the employee shall work with their supervisor to ensure that records residing on the employee's personal OneDrive, laptop, and any handwritten notes or notebooks needed by the agency are provided to their supervisor or moved to an accessible shared folder to ensure continued smooth operation of the agency program. If the employee leaves the WSCJTC prior to this review, the employee's supervisor will be responsible for conducting the review and moving needed records to a shared location. The employee and supervisor will also review the employee's email items to determine if there are emails that need to be moved to a shared location for further access. Following the review, IT will archive the employee's OneDrive and Outlook in an accessible and searchable way to allow ease of access for Public Record Requests or agency needs. The supervisor will notify HR to mark on the Employee Exit Checklist that this has been completed.

C. Managing Electronic Records

1. The law governing preservation and destruction of public records (RCW 40.14) and record retention schedules apply to all records, regardless of format. Nevertheless, there are special considerations when managing electronic records and best practices that should be followed by all employees.
2. Electronic records should be preserved in electronic form. However, electronic records do not need to be kept in their native format. It may be necessary to migrate records in order to better manage them according to the subject matter or to preserve the record. It is important that any data migration to another electronic format preserve the necessary metadata needed to prove the record's authenticity. Please note the Secretary of State requirements for "Scan and Toss" authorization.
3. Managing Emails
 - a. Any email message, including associated metadata and attachments, that has been made or received by the agency in connection with the transaction of WSCJTC business is a public record that must be managed in accordance with Ch. 40.14, RCW, and Chapter 434-662, WAC, Preservation of Electronic Public Records.

- b. Email retention. It is the responsibility of each employee to retain email messages according to minimum retention requirements based on the information contained in every email message and the agency's email protocol outlined below. Employees are encouraged to set up Outlook subject folders to organize emails that must be retained and to delete transitory messages.
 - c. Email back-up. All emails that are not deleted are stored in the email archiving system.
 - i. All emails are maintained as part of users' Outlook profile.
 - ii. Emails are automatically archived within Outlook after 12 months.
 - iii. Prior employee Outlook profiles are archived and retained for seven years before being destroyed per disposition policy.
 - d. Transitory emails. Emails that are transitory in nature are not required to be retained and should be deleted as soon as possible of receipt or when no longer needed. Employees should not allow transitory emails to become archived in the backup. Examples of transitory emails include, but are not limited to, the following:
 - i. Notices of training events, professional association announcements, notices of social events, or similar functions;
 - ii. Meeting notices, scheduling inquiries, invitations, and other messages regarding the scheduling, location of, and attendance at events;
 - iii. Preliminary drafts, including comments on preliminary drafts (may be as an attachment), unless publicly cited;
 - iv. Messages relating to development of internal plans and reports that will result in issuance of a final plan or report;
 - v. Informational copies, notices, bulletins, newsletters from external sources (such as WASPC, OFM, DES, industry newsletters, or weather updates);
 - vi. Secondary copies – CCs of emails, provided the agency is retaining its primary copy of the email; and
 - vii. Messages merely containing greetings such as birthdays, anniversaries, "thank you" or similar messages.
 - e. Deleted emails. Email that is deleted from Outlook's Deleted Items folder will be held in the "Deleted Items" repository for 30 days before being permanently deleted.
 - f. Email that is copied to a location outside of Outlook must be managed and destroyed according to the records series that the email is copied into, such as an email copied from Outlook to a folder on the G:\drive or OneDrive. Once the email has been placed with the associated subject matter, it no longer needs to be kept in Outlook, provided sufficient metadata is preserved to prove authenticity.
4. Text Messages
- a. Text messages on an agency device are public records of the agency.
 - b. Text messages sent and received by a public employee on a private cell phone in the employee's official capacity are also public records of the agency. Records on personal devices that meet the definition of public records are subject to the Public Records Act, chapter 42.56 RCW.

- c. When requested to conduct a search of a personal device for agency public records in response to a records request, or when an employee is aware of responsive records maintained on a personal device, agency employees are responsible for searching their personal files, devices, and accounts for responsive public records. Employees must produce any responsive public records (e-mails, text messages, and any other type of electronic communication) to the agency. The agency shall proceed as it normally would when responding to a request for public records in the agency's possession.
 - d. Any non-transitory text message shall be forwarded to the employee's work e-mail for proper preservation and retrieval. Once preserved, the record shall be retained appropriately and only destroyed when the retention period has expired. Non-transitory texts may not be deleted from any cell phone or device until they have been produced to the agency, transcribed, or retained in some other manner.
 - e. Per the Washington State Government Retention Schedule, transitory records shall be destroyed when no longer needed for agency business. Any transitory text message that relates to agency business that still exists at the time a public records request is received is subject to the disclosure requirements of the Public Records Act.
 - f. Employees who utilize text messages in the course of conducting agency business shall limit use to transitory texts on agency devices that can be deleted once the message serves its purpose. In the event communications are needed that are more than transitory, they should occur in person, by telephone, by e-mail, or by memorandum, when possible.
 - g. In the event a records request is submitted that may include within its scope text messages related to agency business that were transmitted on either an agency-owned or a personally-owned device, the employee, once put on notice of the request, shall not delete any text messages from the cell phone or device, even if such text is transitory or personal. The employee shall work the agency's Public Records Officer to produce the requested public records or to provide another necessary response.
 - h. Employees are responsible for searching their personal devices for records responsive to a Records Request, Discovery Demand, or Subpoena.
 - i. When requested to conduct a search of a personal device for agency public records in response to a Records Request, Discovery Demand, or Subpoena, an employee shall complete and submit to the agency an Affidavit of Diligent Search of a Personal Device.
 - j. An Affidavit of Diligent Search of a Personal Device shall include a detailed, non-conclusory, signed statement outlining an employee's search efforts on their personal device to locate public records. It shall contain facts sufficient to determine that search efforts were reasonable and establish that any personal electronic communication withheld is not a "public record" under the Public Records Act.
5. Emerging technology. New applications and products are regularly being introduced into the workplace. For applications and products that have not been provided by

the WSCJTC, employees should always check with the Information Technology Division before using them to ensure they are safe to use and comply with IT policies.

- a. New applications/products may not have features that allow users to easily manage records that are created with use.
 - i. For any records received or created that are not transitory in nature, employees are responsible for properly retaining or transferring them to a location where they can be properly retained, such as the G:\drive or OneDrive.
 - ii. Transitory records should be deleted when no longer needed.
- b. Any application or product that creates or affects records needs to integrate into the existing systems managed by IT and follow WSCJTC policy regarding record retention and disposition plans.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 1 Policy 10 LETCSA, 24-Hour Audit & CIT Exemption, Waiver, Extension, or Variance	Revised:06/07/2023; 12/26/2023; 07/30/2024; 06/11/2025
Authorizing Source: Authorizing Source: WAC 139-11-030 – LETCSA, WAC 139-09-020 – CIT, WAC 139-05-300 – In-service to include CIT, WAC 139-03-030 – Requests for exemption, waiver, extension or variance.		Applies to: Relevant staff

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC) may review requests from law enforcement agencies regarding exemptions, waivers, extensions, or variances for courses and programs per the applicable authorizing statute or regulation. This policy governs requests for exemptions, waivers, extensions or variances from state law and commission rules governing mandated training under the Law Enforcement Training and Community Safety Act and the 24-hour in-service training requirements, including certain Crisis Intervention Training.

II. DEFINITIONS:

LETCSA – Law Enforcement Training and Community Safety Act

CIT – Crisis Intervention Training

Exemption – A decision by the WSCJTC to release from requirement(s) to which others are subject.

Waiver – A decision by the WSCJTC not to apply all or part of a rule to an agency or person who is subject to the requirement(s).

Extension – A decision by the WSCJTC to grant an increase in length of time to complete the requirement(s).

Variance – A decision by the WSCJTC to grant a modification to all or part of the requirement(s) of a rule to an agency or person who is subject to the rule.

III. POLICY:

A. Law Enforcement Training and Community Safety Act (LETCSA)

[Revised Code of Washington \(RCW\) 43.101.455](#) and [Washington Administrative Code \(WAC\) 139-11](#) requires certified peace officers to complete minimum training requirements. The referenced statute and regulation concern LETCSA courses. The amount of training is contingent on the officer's certification date. Per [WAC 139-11-](#)

[060](#), all incumbent peace officers are required to complete 40 hours of LETCSA training every three years. An agency may request an Exemption, Waiver, Extension, or Variance for any certified peace officer from any requirement of [Chapter 139-11 WAC](#), per [WAC 139-03-030](#).

B. 24-Hour In-Service Training to include the WSCJTC's Two-Hour Annual Online CIT Training Requirement

[RCW 43.101.427](#), [WAC 139-05-300](#), and [WAC 139-09-020](#) requires certified peace officers, corrections officers, and reserve officers to successfully pass the two-hour annual online CIT course as part of the 24-hour annual in-service training requirement. An agency may request an Exemption or Waiver for any certified officer from any requirement of [WAC 139-05-300\(5\)](#).

IV. **LETCSA:**

A. LETCSA Request Criteria

Agency requests will be evaluated and considered under one or more of the following criteria:

1. Extension, Exemption, or Waiver - Military, sick, and/or administrative leave for a specific period of time dictated by the request to which the program pertains.
 - a. For LETCSA requests: The documented leave must be for a minimum of 18 cumulative months in any given three-year LETCSA training cycle. These requests must be submitted by September 1 during the third year of the applying officer's three-year LETCSA training cycle. If a LETCSA documented leave request is submitted after September 1 during the third year of the applying officer's three-year LETCSA training cycle, there is no guarantee it will be placed on the Commission meeting agenda.
2. Variance - Identical (LETCSA) course taken by the officer. To qualify for this request, the course must be created and delivered by the exact same organization or individual as the training offered by WSCJTC. This requirement is only applicable to LETCSA courses. The scope of this criterion is very narrow and specific. A request utilizing this criterion must be received by September 1 during the third year of the applying officer(s) three-year LETCSA training cycle. If any agency is unsure if their situation qualifies to submit a request under this criterion, they should contact the LETCSA Program Manager.

Any other LETCSA request outside of these criteria will be considered on a case-by-case basis in accordance with this policy and any relevant policies and WACs.

B. LETCSA Requested Materials

1. Exemption, Waiver, Extension Requests – The following materials must be submitted:
 - a. A letter from the agency's chief or sheriff on agency letterhead outlining:
 - The officer's name;
 - The dates of absence (if applicable);
 - The type of request being submitted (Exemption, Waiver, Extension);
 - An explanation why the training could not be completed in the mandated timeframe; and
 - The specific program and/or course the request pertains.
 - b. When submitting a LETCSA training request, the WSCJTC course name(s) must be included along with any course documentation relevant to the request.
2. Variance Request - If requesting an identical course Variance request for a LETCSA course, the following materials must be submitted:
 - a. A letter from the agency's chief or sheriff on agency letterhead outlining the course taken and an explanation pertaining to the details of the course including:
 - The officer's name(s) and the dates taken;
 - The organization that developed or delivered the training;
 - The instructor(s); and
 - The WSCJTC LETCSA course relevant to the request.
 - b. A certificate of completion or documentation showing completion and a passing grade for the officer.
 - c. Any additional and available documentation related to the request, such as a course syllabus, or materials.

C. LETCSA Staff Review Process

When an agency submits a request for Exemption, Waiver, Extension, or Variance to the WSCJTC, an internal LETCSA staff review process will be triggered that follows the requirements of the relevant WAC. Reviews are initiated once all requested materials have been received. It is imperative that all requested materials be received by the specific due date.

1. Before a preliminary internal review is conducted, the LETCSA Program Manager will:
 - Ensure all required materials are submitted;
 - Conduct any research related to the request if necessary; and

- Complete the Exemption, Waiver, Extension rubric.
2. The LETCSA Program Manager will add their recommendation and send the rubric to the Deputy Director via DocuSign for final review and approval.
 3. An electronic or written decision will be documented and provided to the requesting agency, for all completed reviews.

D. LETCSA Commission Review Process

If an agency is submitting a request for LETCSA Exemption, Waiver, Extension, or Variance under [WAC 139-03-030](#) and staff recommends approval, the Executive Director shall schedule the request for full consideration at the next Commission meeting. If the Commission Chair determines that circumstances justify expedited review, the Commission Chair may schedule a special meeting for the sole purpose of effecting review. After full consideration of the matter, the Commission shall deny, grant, or provide alternative mitigating relief. The applicant or a representative from the employing agency is not required to be present.

1. A written decision will be documented and provided electronically to the requesting agency for all completed reviews.

V. **24-HOUR IN-SERVICE TRAINING TO INCLUDE THE WSCJTC's TWO-HOUR ONLINE CIT TRAINING REQUIREMENT:**

A. 24-Hour In-Service including Two-Hour CIT Training Request Criteria

An agency may request an Exemption or Waiver for any certified officer from any requirement of [WAC 139-05-300\(5\)](#):

“(5) The commission executive director or designee may, on a case-by-case basis, grant exceptions for individuals with extenuating circumstances where the employing agency has made every reasonable effort to obtain training for the officer.”

1. Exemption or Waiver: The Executive Director designates the Deputy Director to determine Exemption and Waiver requests, consistent with the following:
 - If an officer was unable to complete the required two-hour annual online CIT course due to extenuating circumstances (military, medical, or unexpected leave), the agency may request a Waiver if the officer was out from October through the end of the year (commonly known as the “auditing year”). If an officer is expected to return after February 1, Waivers are appropriate. Requests must be received by February 1 for the auditing year in question. Requests submitted after February 1 will be denied.

2. Agencies may appeal denials to the Commission pursuant to [WAC 139-03-030](#).

B. 24-Hour In-Service Annual Training Requirement Extension

1. If a certified officer has been on documented leave, their agency head may request an Extension to fulfill their required training hours per [WAC 139-05-300\(4\)](#). A sheriff or chief may submit a three-month Extension request in writing to the Commission. Written requests must be received by December 1 of the calendar year in question. The three-month Extension provides the individuals named until March 31 of the following calendar year to complete the remaining mandated 24-hours of training. Any training obtained during this three-month Extension only counts towards the previous year being audited.

C. Two-Hour Annual Online CIT Training Requirement Extension

1. If an officer has been out on documented leave from October to the end of the year, the agency should request an Extension for the two-hour CIT online course. If an officer is expected to return before February 1, Extensions are appropriate. Requests should be received by February 1 for the previous auditing year. Requests submitted after February 1 will be denied. The officer will then have until the last day of February to complete the re-assigned course. Officers expected to return after February 1 may be provided a Waiver.

D. 24-Hour In-Service Training Including WSCJTC's Two-hour Online CIT Training Requested Materials

1. Exemption, Waiver, Extension Requests – If the request is for: Military, sick, and/or administrative leave, the following materials must be submitted:
 - a. A letter from the agency's chief or sheriff on agency letterhead outlining:
 - The officer's name and the dates of absence;
 - The type of request being submitted (Exemption, Waiver, Extension);
 - An explanation why the training could not be completed in the mandated timeframe; and
 - The specific program to which the request pertains.
 - b. If submitting a 24-hour annual in-service training request for the three-month Extension, the letter must include a detailed explanation of the efforts made by the employing agency to obtain training for the applying officer; and how the agency plans to make up the missed training by March 31.

E. Other Considerations – Formula For 24-Hour In-Service Training

If a certified officer is on documented leave for a period lasting longer than one month at any point during a calendar year, they may credit part and/or all of their 24-hour in-service training by utilizing a pro-rated formula of two hours of training per month multiplied by the number of months on leave.

1 month	2 hours
2 months	4 hours
3 months	6 hours
4 months	8 hours
5 months	10 hours
6 months	12 hours
7 months	14 hours
8 months	16 hours
9 months	18 hours
10 months	20 hours
11 months	22 hours
12 months	24 hours

When utilizing the pro-rated formula, the officer's employing agency must keep a record of the total months on leave and the number of hours credited for the applicable auditing year. This does not need to be submitted to the WSCJTC.

If an officer has been on an extended leave of absence for part of the audit period and the agency is aware they will not be able to fulfill the required training hours, the officer's employing agency may request a Waiver from the WSCJTC following the process outlined above. This request would only apply to the remaining training hours required after utilizing the pro-rated formula.

The formula does not apply for the two-hour CIT annual training.

F. 24-Hour In-Service Training Including WSCJTC's Two-hour Online CIT Training Staff Review Process

When an agency submits a request for Exemption, Waiver, Extension, or Variance to the WSCJTC, a review process will be triggered that follows the requirements of the relevant WAC. Reviews are initiated once all requested materials have been received. It is imperative that all requested materials be received by the specific due date.

1. Before a preliminary WSCJTC staff review is conducted, the Program Manager assigned to the request will:
 - Ensure all required materials are submitted;
 - Conduct any research related to the request if necessary; and
 - Complete the Exemption, Waiver, Extension rubric.

2. The 24-Hour Auditing Program Manager will add their recommendation and send the rubric to the Deputy Director via DocuSign for final review and approval.
3. An electronic or written decision will be documented and provided to the requesting agency for all completed reviews.

G. 24-Hour In-Service Training Including WSCJTC's Two-hour Online CIT Training Commission Review Process

1. 24-Hour In-Service and Two-Hour CIT Annual Training
 - a. Agencies wishing to appeal the Deputy Director's denial may submit a request for Exemption, Waiver, or Extension to the Commission under [WAC 139-03-030](#). Upon receipt of a request for appeal under [WAC 139-03-030\(2\)](#), the Executive Director shall schedule the request for full consideration at the next Commission meeting. If it is determined by the Chair that circumstances justify expedited review, the Chair may schedule a special meeting for the sole purpose of effecting review. After full consideration of the matter, the Commission shall deny, grant, or provide alternative mitigating relief. The applicant or a representative from the employing agency is not required to be present.
 - b. A written decision will be documented and provided electronically to the requesting agency for all completed reviews.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 1 Policy 11 LETCSA, IIT Qualified Lead Investigator Certificate and Annual Training Requirements	Revised: 02/02/2023; 12/26/2023; 06/11/2025
Authorizing Source: WAC 139-12 – LETCSA , RCW 10.114.011		Applies to: Relevant staff

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC) reviews applications for independent investigation team qualified lead investigator certificates per the applicable authorizing regulation. Independent investigator teams are also required to train as a unit annually per the applicable authorizing regulation.

II. DEFINITIONS:

Acadis – The WSCJTC training management system.

Independent Investigation – Except as required by federal consent decree, federal settlement agreement, or federal court order, where the use of deadly force by a peace officer results in death, substantial bodily harm, or great bodily harm, an independent investigation must be completed to inform any determination of whether the use of deadly force met the good faith standard established in Revised Code of Washington ([RCW](#)) [9A.16.040](#) and satisfied other applicable laws and policies. The investigation must be completely independent of the agency whose officer was involved in the use of deadly force and conducted in accordance with chapter [43.102 RCW](#). (Text from [RCW](#) [10.114.011](#))

Independent Investigation Team (IIT) – A team of qualified and certified peace officer investigators, civilian crime scene specialists, and at least two non-law enforcement community representatives who operate completely independent of any Involved Agency to conduct investigations of police deadly force incidents. An IIT is created when multiple law enforcement agencies enter into a written agreement to investigate police use of deadly force incidents in their geographical regions. A single law enforcement agency may fulfill the independent investigative function, provided it is not the Involved Agency.

IIT Lead Commander – An officer who is a member of an IIT usually with command rank designated to oversee the IIT. The role's title and responsibilities may differ between IITs.

Involved Agency – The agency that employs or supervises the officer(s) who used deadly force. There can be more than one "involved agency."

LETCSA – Law Enforcement Training and Community Safety Act

Member Agency – Each of the agencies that enters into a written agreement to investigate police use of deadly force in their geographical region.

Reputable Training – For the purposes of this policy, a training is considered “reputable” if it meets at least three of the following criteria:

- The training must encompass a minimum of four hours of lecture.
- The training must include a validation exam and certificate.
- The training must have a syllabus, or similar detailed description, of the course curriculum.
- The training must include a professional biography describing the instructor’s experience in the area of study.
- The training (or conference) must be affiliated with a state, national, or international association.
- If applicable and available, the training shall incorporate trauma-informed practices into the curriculum.

If attending a conference for the annual advanced training requirement, the topic of the conference must align with the relevant named training topics in Washington Administrative Code ([WAC](#)) [139-12](#).

III. POLICY:

A. Law Enforcement Training and Community Safety Act

[RCW 10.114.011](#) and [WAC 139-12](#) requires that where the use of deadly force by a peace officer results in death, substantial bodily harm, or great bodily harm an Independent Investigation must be completed to inform any determination of whether the use of deadly force met the good faith standard established in [RCW 9A.16.040](#) and satisfied other applicable laws and policies. The Independent Investigation is conducted in the same manner as a criminal investigation and state law requires an "independent investigation" completely independent of the Involved Agency.

B. Requirements for IIT Qualified Lead Investigator Certificate

The credibility of an officer assigned to an IIT is based on two elements: training and experience with criminal investigations. If an officer is assigned a lead role within an IIT, they must meet the training and experience requirements. Per [WAC 139-12-030](#) an officer applying for an IIT qualified lead investigator certificate must provide proof that they meet the minimum requirements which include:

1. At least three years of uninterrupted experience as a certified peace officer, crime scene investigator, or related expertise in a discipline relevant to investigations;
2. Successful completion of WSCJTC’s 24-hour Patrol Tactics In-Service course;

3. Successful completion of a basic homicide and interview and interrogation course which are the basic prescribed training classes listed in [WAC 139-12-030](#);
 - a. An applicant may substitute the basic prescribed training classes with work experience as outlined in [WAC 139-12-030](#); and
4. A work history free of a sustained finding of serious misconduct and/or a pattern of sustained complaints and a personal history free of demonstrable bias or prejudice against community members that may be impacted by the police use of deadly force.

Once an IIT qualified lead investigator certificate has been issued, the investigator must complete eight hours of annual criminal investigation training. Proof of completion for the annual training must also be submitted to WSCJTC LETCSA staff. The annual training topics include, but are not limited to:

1. Advanced homicide investigation techniques;
2. Advanced interviewing and interrogation;
3. Officer-involved shooting investigation;
4. In-custody death investigation;
5. Excited delirium and positional asphyxia;
6. Bloodstain pattern analysis;
7. Crime scene photography/videography; and
8. Other related training, seminars, and conferences or on-going training as offered by WSCJTC or other training venues on an as-available basis.

IV. PROOF CRITERIA AND REQUESTED MATERIALS:

IIT qualified lead investigator certificate applications require specific proof and materials to be submitted to WSCJTC which will be reviewed under the following criteria:

A. Employed by a Member Agency on an IIT

An investigator seeking the IIT qualified lead investigator certificate must be employed by a Member Agency that has entered into an agreement with a regional IIT. The applicant indicates which IIT is relevant to the application being submitted on the webform in Acadis.

B. Years of Experience

A letter of recommendation and approval from the applicant's chief or sheriff on department letterhead must be submitted with the application. The letter must include an attestation that the investigator seeking the IIT qualified lead investigator certificate meets the years of experience requirement. A designee for the agency chief or sheriff is not accepted for this requirement.

C. 24-Hour Patrol Tactics In-Service Course

The applicant's completion of the 24-hour Patrol Tactics In-Service course must be documented in WSCJTC's Acadis database and on the applicant's training transcript. This requirement will auto-populate into the webform when applying for the certificate.

D. Basic Training Courses

A certificate of completion or an agency official training transcript may be submitted to demonstrate completion of the prescribed basic training courses. The agency official transcript must contain the training organization's name, amount of training hours, the date(s) completed, and be on the applicant's employing agency letterhead or indicate that it is an official transcript from the agency. Both the basic homicide and interview and interrogation courses must contain trauma-informed components and include trauma-based interviewing techniques when applicable. The basic homicide course should be at least 24 hours and the interview and interrogation course should be at least 8 hours. Both courses should be offered by a Reputable Training organization that teaches best practices pertaining to the course topic. WSCJTC's Child Abuse Interviewing & Assessment and Sexual Assault Investigations: Victim-Centered Engagement and Resiliency Tactics courses do not fulfill the interview and interrogation requirements.

E. Substituting Work Experience

If an investigator would like to substitute their work experience for the prescribed basic training classes, a letter may be submitted that details the number of investigations they have been involved in and to what level their involvement was. Additionally, if they have any certificates or proof of completion for training on a relevant topic that must be submitted as well. This option only pertains to the basic homicide and interview and interrogation courses; the 24-hour Patrol Tactics In-Service course is required and is not able to be substituted.

F. Honorable Behavior - [WAC 139-12-030 \(vi\)](#)

An affirmation from the applicant (this may also be an Acadis point-of-contact from their employing agency) that the investigator has a history of honorable behavior is submitted during the application process. This is completed in Acadis.

G. Continued Annual Training Course(s)

An attestation from the IIT Lead Commander is submitted to WSCJTC for review on an annual basis. The attestation affirms that the IIT has taken the required annual training for both the IIT qualified lead investigators and the IIT as a unit. The annual training attestation must include a roster of all IIT members and indicate those that hold the IIT qualified lead investigator certificate status. If someone received their IIT qualified lead investigator certificate for the specific calendar year in question, the IIT Lead

Commander or designee may indicate on the roster the certificate date. The required annual training for IIT qualified lead investigators must be offered by a Reputable Training organization that teaches best practices pertaining to the course topic.

H. Recertification Application Materials

A certificate of completion of the required annual training along with a recertification application is required to recertify a lapsed IIT qualified lead investigator certificate. The required annual training must be offered by a Reputable Training organization that teaches best practices pertaining to the course topic.

V. INITIAL CERTIFICATE REVIEW:

Applying for an initial IIT qualified lead investigator certificate is completed online through WSCJTC's Acadis database. An initial IIT qualified lead investigator certificate application is submitted by the investigator's employing agency. Instructions and additional information about this process for the applicant is available on WSCJTC's website.

A. Initial Certificate Review Process

1. Once an applicant has submitted the application in Acadis, the LETCSA Program Specialist will complete a preliminary review which entails a document check to ensure that all materials have been submitted and are correct. When the review is complete, the LETCSA Program Specialist will complete the steps to move the application to the next step.
 - a. If any of the materials are incorrect or insufficient, the LETCSA Program Specialist will note the issue in the application comments and move the application to the next step.
2. The LETCSA Program Manager will conduct a review of the submitted application and make a recommendation of approval or denial.
 - a. If a mistake was made on the application, it must be denied and resubmitted for approval with the correct documents. The application also may be denied if the investigator is employed by a law enforcement agency that is not on an IIT.
3. The Advanced Training Division (ATD) Manager will review the submitted materials and the LETCSA Program Manager's recommendation. They will then make a final determination to approve or deny the application.
4. If approved, the investigator will be granted an IIT qualified lead investigator certificate and the LETCSA Program Specialist will complete the final administrative steps to close out the application including sending an electronic certificate.
 - a. An electronic or written decision will be documented and provided to the requesting agency for the denied application if the application was denied for any other reason except for a mistake in the materials. This will come from the ATD Manager. If a mistake in submitted materials was made, the applicant may resubmit for reconsideration and potential approval.

VI. ANNUAL TRAINING REVIEW:

Attestation of compliance with the annual training requirements for both IIT qualified lead investigators as well as the IIT as a unit is submitted to WSCJTC on the IIT annual training attestation form from the IIT's Lead Commander or designee. The attestation is for the IIT as a whole and includes all member agencies that are participating on the applicable IIT. The annual training attestation is due to WSCJTC LETCSA staff on or by March 15 for the previous calendar year.

Example

Documentation Period	Due Date
January 1 - December 31, 2025	March 15, 2026

If an IIT qualified lead investigator certificate was issued during the relevant calendar year, the IIT qualified lead investigator is not required to complete the annual eight hour continued training until the following calendar year. However, they would still be required to train with the IIT as a unit on an annual basis.

An IIT Lead Commander, or their designee, completes the IIT Annual Training Attestation form and submits a roster of their IIT to WSCJTC. Once the attestation is received by WSCJTC, LETCSA staff begins the review process.

A. Annual Training Review Process

1. The LETCSA Program Specialist completes a preliminary review of the submitted attestation to ensure that the correct application materials have been submitted. If anything is missing or needs correcting, they will work with the IIT to get all required materials. The LETCSA Program Specialist will also crosscheck the roster submitted by the IIT with WSCJTC's records of IIT qualified lead investigators as well as IIT member rosters. If any discrepancies are found, the LETCSA Program Specialist will attempt to resolve them with the IIT Lead Commander or designee and the LETCSA Program Manager. Once the LETCSA Program Specialist completes their preliminary review, they will upload the attestation to DocuSign and send for signatures.
2. The LETCSA Program Manager will be the first to review the application materials from the LETCSA Program Specialist in DocuSign. They will review the submitted application and make a recommendation of approval or denial. A recommendation of denial would only occur if there was a mistake or discrepancy in the application and the LETCSA Program Specialist was unable to rectify the issue before sending in DocuSign.
3. The ATD Manager will conduct the final review of the application to make a determination of approval or denial. If a denial is determined, the IIT qualified lead investigators who did not complete the training requirements would have their certificate lapse and be required to recertify. If an IIT did not train as a unit, the IIT would be out of compliance in regard to that WAC requirement.

- a. If approved, the LETCSA Program Specialist will notify the IIT Lead Commander or designee that their annual attestation has been processed and send them a written notification of compliance.
- b. If denied, the ATD Manager will notify the IIT Lead Commander in writing of the decision and reasoning.

VII. RECERTIFICATION:

If an IIT qualified lead investigator does not complete their annual training required per [WAC 139-12](#), their certificate would lapse, and they will be required to recertify their qualified lead investigator status. The investigator would have until March 31 of the current calendar year to complete the annual training for the previous year. The IIT qualified lead investigator would still be required to take eight additional annual training hours for the current calendar year.

If the investigator does not submit proof of completion of the annual training, their certificate would default, and they will need to complete the initial IIT qualified lead investigator certificate process again. The training utilized for their previous initial IIT qualified lead investigator certificate would not be valid if they defaulted and were reapplying.

A. IIT Qualified Lead Investigator Recertification Process

The IIT qualified lead investigator that is needing to recertify their certificate will submit the requested materials to the LETCSA email inbox at cjtcletcsa@cjtc.wa.gov.

1. The LETCSA Program Specialist completes a preliminary review of the submitted recertification application to ensure that the correct application materials have been submitted. If anything is missing or needs correcting, they will work with the applicant to get all required materials. Once the LETCSA Program Specialist completes their preliminary review, they will upload the recertification application to DocuSign and send for signatures.
2. The LETCSA Program Manager will be the first to review the application materials from the LETCSA Program Specialist in DocuSign. They will review the submitted application and make a recommendation of approval or denial. A recommendation of denial would only occur if there was a mistake or discrepancy in the application and the LETCSA Program Specialist was unable to rectify the issue before sending in DocuSign.
3. The ATD Manager will conduct the final review of the application and make a determination of approval or denial.
 - a. If a denial is determined, the IIT qualified lead investigator would need to either resubmit the recertification or follow the initial IIT qualified lead investigator certificate process. A written decision would be provided to the applicant from the ATD Manager.

- b. If approved, the LETCSA Program Specialist will close out the application process and send the applicant an email that their certificate has been reinstated and they are in good standing.

B. IIT Team Training

If a member of an IIT is unable to attend the IIT unit training, whether an IIT qualified lead investigator or other IIT member, the following must occur:

1. The IIT Lead Commander, designee, or a representative of the IIT member's employing agency must contact LETCSA staff and inform them of the IIT member's absence from the training and the reason(s) for the absence.
 - a. Examples of excused absences include pre-approved leave, being called out to an investigation/scene, and administrative leave.
2. The LETCSA Program Manager will inform the ATD Manager about the request and draft an interoffice communication (IOC) memo to the requestor from the WSCJTC Training Bureau Assistant Director. The IOC will include the following information:
 - a. Details of the absence and request.
 - b. Steps the IIT must take to rectify the IIT member's absence e.g. review the training topics from the annual IIT unit training with the absent IIT member within the next three months.
 - c. A timeline of completion.
 - d. Further guidance regarding any other IIT requirements e.g. including the IOC with the IIT's annual attestation for that calendar year.
3. The LETCSA Program Manager will provide the requestor with the IOC. If any guidance was provided to the IIT that WSCJTC will track, the LETCSA Program Manager will document this accordingly.

All full-time persons must complete training within 12 months of being elected, appointed, or employed unless otherwise exempted by the commission. All part-time persons must complete training within 18 months of being employed unless otherwise exempted by the commission. Certification is a condition of continued employment in a coroner's or medical examiner's office. I. PURPOSE:

Define the agency's affirmative action and equal opportunity policy.

The Washington State Criminal Justice Training Commission (WSCJTC) is firmly committed to providing an environment that provides fair and equal treatment in public employment and equal access to its benefits, programs, and services. This shall be provided to all persons without regard to age, gender identification, marital status, sexual orientation, race, creed, color, national origin, genetic information, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service animal by persons with disabilities based upon a bona fide occupational qualification.

Equal employment opportunity and affirmative action are vital responsibilities and, as such, assume equal importance within all functions of the WSCJTC. 11/01/2022; 2/13/2024;
03/18/2025

Authorizing Source: [RCW 42.52.520](#), [WAC 357-40](#), [Collective Bargaining Agreement \(CBA\)](#)

Applies to: All Staff

I. PURPOSE:

This policy outlines the process for imposing corrective actions and discipline on Washington State Criminal Justice Training Commission (WSCJTC) Washington General Service (WGS), Washington Management Service (WMS), and Exempt Management Service (EMS) employees.

II. DEFINITION:

Appointing Authority – Personnel designated by the Executive Director (ED) to review investigations and determine discipline. Appointing Authority status for cases may be delegated to Assistant Directors, Division, or Unit Managers by the ED.

Findings – The agency uses the following findings when determining case outcomes:

Founded: There exists, by a preponderance of the evidence, sufficient proof to find the accused employee committed the violation(s).

Unfounded: There exists sufficient evidence to conclude that the accused employee did not commit the allegation(s) or the action is not a violation of policy.

Undetermined: There is insufficient evidence to prove or disprove the allegation(s). Leaves room for guidance, mentoring, and counseling but not formal discipline at this time.

Just Cause – Investigation Findings are based on a standard of Just Cause, the elements of which include but are not limited to:

- Have the allegations against the employee been factually proven?
- Is the discipline considered proportionate to the offense?

Exempt is different from general service because the incumbent of this appointment type typically serves at the pleasure of the ED. Discipline and Corrective Action are handled at the ED's discretion.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 10 Early Intervention For Employee Performance	Revised: 07/01/2018; 02/25/2025
Authorizing Source: RCW 41.06.169 , RCW 41.06.176 , RCW 41.06.196		Applies to: All Staff

I. PURPOSE:

This policy provides direction to Washington State Criminal Justice Training Commission (WSCJTC) supervisors on identifying and addressing employee performance issues early in order to retain a diverse and effective workforce.

II. DEFINITIONS:

Performance Issues – A pattern of unmet expectations, typically falling into one of three categories: attendance, productivity, or conduct.

Intervention – Intervention includes, but is not limited to, closer supervision, coaching and monitoring, corrective action, interim performance feedback, and/or discipline.

Employee Assistance Program (EAP) – Free, confidential program created to promote the health, safety and well-being of public service employees. For further information, visit: <https://www.des.wa.gov/services/employee-assistance-program>

III. POLICY:

Understanding most employees want to be successful contributors to our agency, WSCJTC is committed to a performance management approach which requires setting clear expectations, clearly and effectively communicating methods to meet expectations, and ensuring supervisors provide the necessary guidance, training and tools to improve performance.

A. Responsibilities:

1. Managers will:

- Clearly communicate expectations to subordinate supervisors.
- Develop core supervisory competencies.
- Encourage partnership with Human Resources.
- Ensure supervisors receive leadership and system or tool-related training, for example: developing performance development plans, reviewing timesheets, leave requests, travel requests and reimbursements, etc.
- Provide guidance on new or difficult personnel matters.

2. Supervisors:

- Build trusting relationships with their staff, their manager, Human Resources, union shop stewards and representatives, and others.
- Clearly communicate expectations to subordinates.
- Monitor performance of subordinates for compliance with agency policies and position expectations and note Performance Issues in a supervisory desk file.
- Intervene when unmet expectations are noted, identifying the source of the problem before taking action. Review employee's past performance and talk

directly with them before jumping to conclusions.

- e. Focus on success. The purpose of corrective and disciplinary action is not to punish an employee. It is to alert the employee that there is a significant issue that needs to be addressed. The ultimate goal is to improve performance.
- f. Address issues immediately. Postponing action often results in both the individual's productivity loss and the negative impact on the morale and productivity of other employees.
- g. Readdress the knowledge, skills, abilities, and behaviors required to meet performance expectations to assess whether a competency gap is the driver of a productivity problem and determine an appropriate course of action.
- h. Consider implementing a Performance Improvement Plan (PIP) in consultation with Human Resources. A PIP outlines the actions an employee must take to improve their performance. A PIP typically includes:
 - The specific performance elements requiring improvement.
 - An action plan detailing what steps the employee must take to meet performance expectations.
 - Timeframes for achieving performance targets.
 - Standards and expectations for performance in measurable or observable terms.
 - Information about the support management will provide.
 - Information about what will happen once the work plan is completed.
 - Signatures from both the employee and supervisor.
- i. Provide employees access to external support. Performance Issues are often the result of personal life difficulties such as illness, home life issues, etc. Make sure that employees are aware of access to individual support through the EAP.

B. Candidate Criminal History or Conviction

1. A reported criminal offense or conviction is not necessarily grounds for disqualification. The nature and seriousness of the offense, the date of the offense, the surrounding circumstances, rehabilitation, the relevance of the offense to the specific position(s), and whether hiring, transferring, or promoting the candidate would pose an unreasonable risk to the agency will be considered by the HR & Risk Manager on a case-by-case basis before making a final determination.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 18 Family Medical Leave Act - Military Family Leave	Revised: 07/01/2018; 12/26/2023
Authorizing Source: Federal law - 29 U.S.C. § 2601 et. Seq. (United States code, title 29, chapter 28 of the Family & Medical Leave Act of 1993), 29 C.F.R. Part 825 (Code of Federal Regulations, Part 825 of the Family & Medical Leave Act of 1993), RCW 49.78, WAC 357-31-135, 200, 285, 290, 300, 305, 325, 335, 373, 390, 400, 405, 495, 535		Applies to: All Staff

I. PURPOSE:

The Family Medical Leave Act (FMLA) Military Family Leave offers valuable protection for employees to maintain employment and benefits while dealing with family or medical situations related to covered family members in the armed forces that takes them from the work place for an extended period of time either in a single block or intermittently.

II. DEFINITIONS:

A. Serious Injury or Illness

1. In the case of a member of the Armed Forces, including the National Guard or Reserves, an injury or illness incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty) that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating.
2. In the case of a veteran who was a member of the Armed Forces, including the National Guard or Reserves, at any time during the 5-year period preceding the medical treatment, recuperation, or therapy, a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the member became a veteran.

III. POLICY STATEMENT:

The FMLA is a federal law passed in 1993 to grant family and temporary medical leave to eligible employees under certain circumstances. In 2008 and again in 2009, the National Defense Authorization Act(s) (NDAA) amended the FMLA to allow eligible employees to take up to 12 work weeks of leave in a 12-month period for any "qualifying exigency" due to the covered active duty or call to covered active duty of a spouse, son, daughter or parent. The amendments also amended the FMLA to allow eligible employees to take up to 26 work weeks of leave in a 12-month period to care for a covered service member with a serious injury or illness. These two types of FMLA leave

are known as the military family leave entitlements. This policy should be read together with the FMLA policy as the 12-work week entitlements do not apply separately.

IV. ROLES AND RESPONSIBILITIES:

Role	Responsibilities
Employee	• If possible, notify your supervisor of the need to take FMLA, 30 days prior to the anticipated absence. • Provide certification as required. • Provide status reports to the HR Manager when out on FMLA. • Notify the HR Manager of your intention to return to work. • If applicable, continue employee-paid insurance premiums during FMLA absence. • Submit leave requests associated with the absence as outlined in the Leave Policy.
Supervisor/ Manager	• Communicate with the HR Manager when an employee requests FMLA or when an employee requests leave you feel may qualify for FMLA. • Ensure that the employee's position is protected during an FMLA absence.
HR Manager	• Determine if employee meets FMLA Military Family Leave eligibility requirements. • Notify the employee regarding eligibility. Send FMLA pre-approval or denial letter. • Request certification from the employee. • Determine if absence meets FMLA Military Family Leave qualification requirements. Send FMLA approval or denial letter. • Notify the employee when the FMLA Military Family Leave allowance is near conclusion. • Update the supervisor on employee status. • Notify the supervisor of employee's intention to return to work and the date. • Communicate with the agency payroll office.

V. ELIGIBILITY REQUIREMENTS:

To be eligible, an employee must have worked for the state for at least 12 months (not necessarily consecutively) and worked at least 1,250 non-overtime hours in the 12 months immediately proceeding the first day of leave. Paid leave will not be counted as hours worked toward the 1,250-hour requirement.

VI. PROVISIONS:

A. *Military Caregiver Leave* - The WSCJTC will grant an eligible employee who is a spouse, son, daughter, parent or next of kin, (defined below), of a covered service member, (defined below), with a serious injury or illness, (defined above), up to a total of 26 work weeks of leave during a 12-month period to care for the service member.

B. *Covered Service Member*

1. A member of the Armed Forces, including National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status or is otherwise on the temporary disability retired list for a serious injury or illness.
2. A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces, including the National Guard or Reserves, at any time during the 5-year period preceding the date on which the veteran undergoes the medical treatment, recuperation or therapy.

C. *Next of Kin* – Used with respect to an individual means the nearest blood relative of that individual other than spouse, parent or child, in the following order of priority:

- Blood relatives who have been granted legal custody of the service member.
- Brothers and sisters.
- Grandparents.
- Aunts and uncles.
- Cousins.

If the covered service member designates another blood relative as their nearest blood relative, that designation takes precedent over the above list. That person would be the only next of kin.

The “single 12-month period” for leave to care for a covered service member with a serious injury or illness begins on the first day the employee takes leave for this reason and ends 12 months later. An eligible employee is limited to a combined total of 26 work weeks of leave for any FMLA qualifying reason during the “single 12-month period.” (Only 12 of the 26 weeks may be for a FMLA qualifying reason other than to care for a covered service member.)

D. *Qualifying Exigency Leave* - The WSCJTC will grant an eligible employee up to a total of 12 work weeks of leave during a 12-month period for FMLA leave for qualifying exigencies arising out of the fact that the employee’s spouse, child of any age or parent is on covered active duty or has been notified of an impending call or order to covered active duty. Covered active duty is defined as:

1. In the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country.

2. In the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in section 101(a)(13)(B) of Title 10 United States Code (USC).

E. *Qualifying Exigencies Include:*

1. Issue arising from a covered military member's short notice deployment (e.g. deployment with seven or less days of notice) for a period of seven days from the date of notification.
2. Military events and related activities, such as official ceremonies, programs or events sponsored by the military, family support or assistance programs and informational briefings sponsored or promoted by the military, military service organizations or the American Red Cross that are related to the active duty or call to active duty status of a covered military member.
3. Certain childcare and related activities arising from the active duty or call to active duty status of a covered military member, such as arranging for alternative childcare, providing childcare on a non-routine, urgent, immediate need basis, enrolling or transferring a child in a new school or day care facility, and attending certain meetings at a school or a day care facility if they are necessary due to circumstances arising from the active duty or call to active duty of the covered military member.
4. Making or updating financial and legal arrangements to address a covered military member's absence.
5. Attending counseling provided by someone other than a health care provider for oneself, the covered military member or the child of the covered military member, the need for which arises from the active duty or call to active duty status of the covered military member.
6. Taking up to five days of leave to spend time with a covered military member who is on short-term temporary rest and recuperation leave during deployment.
7. Attending to certain post-deployment activities, including attending arrival ceremonies, reintegration briefings and events, and other official ceremonies or programs sponsored by the military for a period of 90 days following the end of the covered military member's active duty status or addressing issues arising from the death of a covered military member.

NOTE: FMLA Military Family Leave is not an additional leave category. It is simply the designation indicating leave for one of the purposes stated above to ensure leave entitlement and continuation of benefits during instances of leave without pay. During absences designated as FMLA Military Family leave, an employee may choose to use accrued paid leave to cover all or part of their FMLA absence. Accrued paid leave includes sick leave, vacation leave, and personal holiday accrued as indicated on leave records. If applicable, shared leave or leave without pay may also be used.

VII. COUNTING ABSENCES TOWARD THE USE OF FMLA:

Military Caregiver Leave - Employee absences that qualify as FMLA absences under Military Caregiver leave will be counted toward the FMLA 26-work week allowance beginning with the first day of the employee's use of leave (or leave without pay) for reasons that meet the FMLA military caregiver leave criteria. The HR Manager will verify reasons for absence to ensure they meet the criteria to be designated as FMLA Military Caregiver leave. The first day of the approved designated absence will also count as the first day of the 12-month rolling period.

Qualifying Exigency Leave - Employee absences that qualify as FMLA absences under Qualifying Exigency leave will be counted toward the FMLA 12-work week allowance beginning with the first day of the employee's use of leave (or leave without pay) for reasons that meet the FMLA qualifying exigency leave criteria. The HR Manager will verify reasons for absence to ensure they meet the criteria to be designated as FMLA qualifying exigency leave. The first day of the approved designated absence will also count as the first day of the 12-month rolling period.

Under some circumstances, employees may take leave designated as FMLA intermittently, which means taking leave in blocks of time or by reducing their normal weekly or daily work schedule.

FMLA leave amounts may be counted in hourly increments and the actual hours available will depend on the FTE of the employee, e.g., a full time FTE will have 480 hours or 12 work weeks available in the 12 month period and a $\frac{3}{4}$ FTE will have 360 hours available.

Intermittent FMLA - Leave designated as FMLA may be taken intermittently. If the need for intermittent leave is foreseeable based on planned medical treatment of the covered service member, the employee is responsible for scheduling treatment in a manner that does not unduly disrupt the employer's operations subject to the approval of the health care provider.

It may be necessary to transfer an employee temporarily to an alternative job with equivalent pay and benefits that better accommodates intermittent leave for the planned medical treatment.

VIII. NOTIFICATION:

When the employee's absence is designated by the HR Manager as FMLA military family leave qualifying, the employee will be notified of the decision in writing by the HR Manager. This notification will also outline the employee's responsibilities in relation to their leave.

Whenever possible, the employee shall provide at least 30 days written notice to the agency and the HR Manager of the need to take FMLA military family leave. When this is not possible, the employee should communicate in writing the need to take leave as soon as it is known. This should include anticipated beginning and ending dates of the requested leave, the reason for the leave, the service member's name, and the employee's relationship to the service member.

IX. REQUIRED CERTIFICATION:

The HR Manager will require that an employee's request for military family leave be supported by an appropriate certification. Medical certification may be requested for service member caregiver leave as allowed by law.

The WSCJTC requires:

- Leave for a qualifying exigency is supported by a copy of the covered military member's active duty orders and information providing the facts related to the qualifying exigency.
- Leave to care for a covered service member with a serious injury or illness requires certification completed by an authorized health care provider or by a copy of an Invitational Travel Order (ITO) or Invitational Travel Authorization (ITA) issued to any member of the covered service member's family.

X. IMPACT ON BENEFITS:

The WSCJTC will provide health insurance and other benefits to employees on leave as required by law. If leave without pay is taken for eligible or approved FMLA leave, the employee will not be required to take eight hours of leave per month to retain medical or dental benefits.

The employee's payroll deducted self-paid health insurance premiums, optional life or long term disability insurance may be continued on a self-pay basis during FMLA leave. Arrangements should be made as to how these self-payments will be made. These arrangements should be discussed prior to the start of the leave, however, the payments are not required to be made in advance.

XI. RETURNING TO WORK:

The employee should provide notice to the HR Manager indicating when the employee plans to return to work.

The employee returning from military family leave will be reinstated to the same job or to an equivalent job with equivalent status and pay in the same geographic area. If the same position or one of equivalent status and pay is not available due to layoff or other operational reasons, the employee will be treated in the same manner as though the employee were not absent at the time of the layoff.

XII. OTHER IMPACTS:

An employee's anniversary and seniority dates will be adjusted for any period of leave without pay which exceeds 15 consecutive calendar days. The adjustment made will be equal to the amount of time that the employee has taken leave without pay.

If an employee uses leave without pay for an entire work shift while serving a probationary period or trial service period, the probationary period or trial service period will be extended by one work day for each work shift of leave without pay.

An employee's periodic increment date will be adjusted for any period of leave without pay which exceeds 15 consecutive calendar days. The adjustment made will be equal to the amount of time that the employee has taken leave without pay.

XIII. INTERACTION WITH LAWS AND REGULATIONS:

This policy will be construed in accordance with the FMLA and its accompanying regulations as currently written or as hereafter amended. To the extent items or aspects of the FMLA or its accompanying regulations are not covered in this policy or are, or become, inconsistent with this policy, those gaps or inconsistencies will be construed in accordance with the FMLA and its regulations.

	Chapter 2 Policy 19 Family and Medical Leave Act (FMLA)	Revised: 07/01/2018
Authorizing Source: Federal law - 29 U.S.C. § 2601 et. Seq. (United States code, title 29, chapter 28 of the Family & Medical Leave Act of 1993), 29 C.F.R. Part 825 (Code of Federal Regulations, Part 825 of the Family & Medical Leave Act of 1993), RCW 49.78, WAC 357-31-135, 200, 285, 290, 300, 305, 325, 335, 390, 400, 405, 495, 535		Applies to: All Staff

I. PURPOSE:

The Family Medical Leave Act (FMLA) offers valuable protection for employees to maintain employment and benefits while dealing with family or medical situations that takes them from the work place for an extended period of time either in a single block or intermittently.

II. DEFINITIONS:

Serious Health Condition – An illness, injury, impairment, or physical or mental condition that involves one of the following:

1. *Inpatient Care* – Inpatient care (e.g., an overnight stay) in a hospital, hospice, or residential medical care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.
2. *Continuing Treatment* – Incapacity, for the purposes of FMLA, is defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment or recovery.

A period of incapacity of more than three consecutive calendar days including any subsequent treatment or period of incapacity relating to the same condition, but also involves:

- a. Treatment two or more times within thirty (30) days of the first day of incapacity by a health care provider, a nurse, or physician's assistant under direct supervision of a health care provider, or a provider of health care services (e.g., physical therapist) under orders of, or on referral by a health care provider. Treatment includes examination to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations; or
- b. Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of a health care provider. A regimen of continuing treatment includes, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition. A regimen of treatment does not include the taking of over-the-counter medications such as aspirin, antihistamines, salves, bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider.

This requirement means an in person visit to a health care provider. The first or only visit must occur within seven (7) days of the first day of incapacity.

3. *Pregnancy* – Any period of incapacity due to pregnancy or for prenatal care.
4. *Chronic Conditions Requiring Treatments* – A chronic condition which meets all of the following:
 - a. Requires periodic visits at least twice per year for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider.
 - b. Continues over an extended period of time including recurring episodes of a single underlying condition.
 - c. May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc).
5. *Permanent or Long-Term Conditions Requiring Supervision* – A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.
6. *Multiple Treatments Non-Chronic Conditions* – Any period of absence to receive multiple treatments including any period of recovery by a health care provider or by a provider of health care services under orders of, or on referral by a health care provider, either for:
 - a. Restorative surgery after an accident or other injury.
 - b. For a condition that will likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).

III. POLICY STATEMENT:

The FMLA is a federal law passed in 1993 to grant family and temporary medical leave to eligible employees under certain circumstances. This policy should be read together with the FMLA Military Leave policy as the 12-work week entitlements do not apply separately.

IV. ROLES AND RESPONSIBILITIES:

Role	Responsibilities
Employee	• If possible, notify your supervisor of the need to take FMLA, 30 days prior to the anticipated absence. • Provide medical certification. • Provide status reports to the HR Manager when out on FMLA.

	• Notify the HR Manager of your intention to return to work. • Provide medical release to return to work to your supervisor if out on FMLA for the employee's own serious health condition. • If applicable, continue employee-paid insurance premiums during FMLA absence. • Submit leave requests associated with the absence as outlined in the Leave Policy.
Supervisor/ Manager	• Communicate with the HR Manager when an employee requests FMLA or when an employee requests leave that you feel may be FMLA qualifying. • Ensure that the employee's position is protected during an FMLA absence.
HR Manager	• Determine if employee meets FMLA eligibility requirements. • Notify the employee regarding eligibility. Send FMLA pre-approval or denial letter. • Request medical certification from the employee. • Determine if the absence meets FMLA qualification requirements. Send FMLA approval or denial letter. • Notify the employee when the 12-week allowance is near conclusion. • Update the supervisor on employee status. • Notify the supervisor of the employee's intention to return to work and the date. • Communicate with the agency payroll office.

V. ELIGIBILITY REQUIREMENTS:

To be eligible, an employee must have worked for the state for at least 12 months (not necessarily consecutively) and worked at least 1,250 non-overtime hours in the 12 months immediately preceding the first day of leave. Paid leave will not be counted as hours worked toward the 1,250-hour requirement.

VI. PROVISIONS:

The FMLA entitles eligible employees to take up to 12 work weeks of job-protected paid or unpaid leave in any 12-month period for specific family and medical reasons.

Leave for the following reasons will meet the criteria to be designated as FMLA:

- For the birth or placement of a child for adoption or foster care.
- To care for an immediate family member (spouse, child – under the age of 18 or disabled pursuant to the Americans with Disabilities Act (ADA) definition, or parent) with a serious health condition.
- To take medical leave when employees are unable to work because of their own serious health condition.

- Leave for Military Exigency and Service Member Caregiver Leave as added by the amendments to the FMLA and which is outlined in a separate policy.

NOTE: FMLA leave is not an additional leave category. It is simply the designation indicating leave for one of the purposes stated below to ensure leave entitlement and continuation of benefits during instances of leave without pay. During absences designated as FMLA leave, an employee may choose to use accrued paid leave to cover all or part of their FMLA absence. Accrued paid leave includes sick leave, vacation leave, temporary salary reduction leave, and personal holiday accrued as indicated on leave records. If applicable, shared leave or leave without pay may also be used.

VII. COUNTING ABSENCES TOWARD THE USE OF FMLA:

Employee absences that qualify as FMLA absences will be counted toward the FMLA 12-work week allowance beginning with the first day of the employee's use of leave or leave without pay for reasons that meet the FMLA criteria. The first day of the approved designated absence will also count as the first day of the 12-month rolling period. Under some circumstances employees may take leave designated as FMLA intermittently which means taking leave in blocks of time or by reducing their normal weekly or daily work schedule.

FMLA leave amounts may be counted in hourly increments and the actual hours available will depend on the FTE of the employee, e.g., a full time FTE will have 480 hours or 12 work weeks available in the 12 month period; a $\frac{3}{4}$ FTE will have 360 hours available.

Intermittent FMLA - Leave designated as FMLA may be taken intermittently. If the need for intermittent leave is foreseeable based on planned medical treatment, the employee is responsible for scheduling treatment in a manner that does not unduly disrupt the employer's operations subject to the approval of the health care provider. It may be necessary to transfer an employee temporarily to an alternative job with equivalent pay and benefits that better accommodates intermittent leave for planned medical treatment.

The WSCJTC may choose to grant leave on an intermittent basis for bonding with a newborn child or a foster or adopted child. Granting of intermittent leave for this purpose is discretionary and will be determined on a case-by-case basis. If such leave is granted, the employee and the WSCJTC must mutually agree to the schedule to be worked before the employee may take the intermittent leave.

VIII. FMLA ALLOWANCE FOR SPOUSES WHO ARE BOTH EMPLOYED WITH WSCJTC:

Spouses employed by the WSCJTC are jointly entitled to a combined total of 12 weeks of FMLA leave during any 12-month period if the leave is taken for the birth of a child or placement for adoption or foster care. The leave must conclude within 12 months of the birth or placement.

This limitation does not apply to leave taken by either spouse to care for the other who is seriously ill and unable to work, to care for a child or other qualifying relative with a serious health condition, or for his or her own serious illness. In these situations, each employed spouse is entitled to 12 weeks of family leave during any 12-month period.

IX. NOTIFICATION:

When the employee's absence is designated by the HR Manager as FMLA qualifying, the employee will be notified of the decision in writing by the HR Manager. This notification will also outline the employee's responsibilities to report their status during their absence and to provide guidance on steps to take in returning to work.

Whenever possible, the employee shall provide at least 30 days written notice to HR Manager of the need to take FMLA leave. When this is not possible, the employee should communicate in writing the need to take leave as soon as it is known. This should include anticipated beginning and ending dates of the requested leave and the reason for the leave. If the leave is needed to care for a family member, the employee will provide the name, relationship, and the nature of the employee's role in the care.

X. REQUIRED MEDICAL CERTIFICATION:

The HR Manager will ask the employee to provide a medical certificate from the physician of the employee's or family member's physician before the absence or within a specified time. Second or third opinions or updated medical certification may be requested on a periodic basis as allowed by law. Certification for military exigency will also be requested as applicable.

XI. IMPACT ON BENEFITS:

The WSCJTC will provide health insurance and other benefits to employees on leave as required by law. If leave without pay is taken for eligible and approved FMLA leave, the employee will not be required to take eight hours of leave per month to retain medical or dental benefits.

The employee's (payroll deducted) self-paid health insurance premiums, optional life, and/or long term disability insurance may be continued on a self-pay basis during FMLA leave. Arrangements should be made as to how these self-payments will be made. These arrangements should be discussed prior to the start of the leave; however, the payments are not required to be made in advance.

XII. RETURNING TO WORK:

The employee should provide notice to the HR Manager indicating when the employee plans to return to work. An employee returning from leave due to a personal illness will be required to provide a physician's certification of the employee's ability to perform the functions of the job, and verifying that the employee may return to work.

The employee returning from absence will be reinstated to the same job or to an equivalent job with equivalent status and pay in the same geographic area. If the same

position or one of equivalent status and pay is not available due to layoff or other operational reasons, the employee will be treated in the same manner as though the employee were not absent at the time of the layoff.

XIII. OTHER IMPACTS:

An employee's anniversary and seniority dates will be adjusted for any period of leave without pay which exceeds 15 consecutive calendar days. The adjustment made will be equal to the amount of time that the employee has taken leave without pay.

If an employee uses leave without pay for an entire work shift while serving a probationary period or trial service period, the probationary period or trial service period will be extended by one work day for each work shift of leave without pay.

An employee's periodic increment date will be adjusted for any period of leave without pay which exceeds 15 consecutive calendar days. The adjustment made will be equal to the amount of time that the employee has taken leave without pay.

XIV. INTERACTION WITH LAWS AND REGULATIONS:

This policy will be construed in accordance with the FMLA and its accompanying regulations as currently written or as hereafter amended. To the extent items or aspects of the FMLA or its accompanying regulations are not covered in this policy or are, or become, inconsistent with this policy, those gaps or inconsistencies will be construed in accordance with the FMLA and its regulations.

	Chapter 2 Policy 21 Grievance Procedures	Revised: 07/01/2018; 11/12/2025
Authorizing Source: Collective Bargaining Agreement (CBA)		Applies to: All Staff

I. PURPOSE:

This policy outlines the process for filing and resolving bargaining unit employees' Grievances under the Collective Bargaining Agreement (CBA). Washington State Criminal Justice Training Commission (WSCJTC) follows the CBA in processing Grievances with the intent to resolve them at the lowest possible level. If any provision of this policy conflicts with the CBA, the CBA prevails.

II. DEFINITIONS:

Day – Calendar day, excluding the first day and including the last day of a period. If the last day of a period is a Saturday, Sunday or holiday, the last day will be the next day that is not one of those.

Grievance – An allegation by a bargaining unit employee or employees, or by the union itself, that there has been a violation, misapplication, or misinterpretation of the CBA. Matters not addressed by the CBA are inappropriate for the grievance process.

Grievant – The bargaining unit employee or former employee filing the grievance through the union.

III. PROCESS:

- A. If informal resolution of a dispute about a matter addressed in the CBA fails, the Union may file a written Grievance at Step 2. The CBA specifies that WSCJTC bypasses the CBA's Step 1.
- B. Grievances must include:
 1. The nature of the Grievance;
 2. The facts upon which it is based;
 3. The specific article of the CBA violated;
 4. The specific remedy requested;
 5. The name of the Grievant(s); and
 6. The name and signature of the Union Representative.
- C. Grievances must be received by WSCJTC within twenty-one (21) days of the event being grieved, or of the date the Grievant knew or could reasonably have known of the event. Once filed, a Grievance cannot be amended except by mutual agreement.

- D. The Union files a Step 2 written Grievance with the Executive Director (ED) with a copy to the Human Resources (HR) Manager.
 - 1. Within fifteen (15) days of receiving the Grievance, the ED or designee will meet with the union steward or official to discuss the Grievance, unless the timeline is extended with mutual agreement.
 - 2. The ED or designee will respond in writing within fifteen (15) days after that meeting.
- E. If WSCJTC provides the remedy requested in the Grievance filing (see III.B.4 above), the Grievance is resolved and may not be processed further.
- F. If the Union rejects the Step 2 response, it must within fifteen (15) days of receiving that response, file a demand for arbitration with the Director of the Office of Financial Management's Labor Relations Office (OFM-LRO) and WSCJTC HR Manager.
- G. Within fifteen (15) days of receiving the demand for arbitration, OFM-LRO discusses with the Union whether a pre-arbitration meeting will be arranged with officials from WSCJTC, the Union, and OFM-LRO to negotiate settlement of the Grievance. If the pre-arbitration meeting is held and does not resolve the Grievance, the Union may, within fifteen (15) days of the meeting, file with the American Arbitration Association (AAA) a demand to arbitrate the Grievance.
- H. If the parties decline this pre-arbitration meeting, an OFM-LRO official will notify the Union. Within fifteen (15) days of receipt of that notice, the Union may file a demand to arbitrate the matter with the AAA.
- I. If the Union fails to meet a deadline, the Grievance is automatically withdrawn and cannot be reinstated. If WSCJTC or OFM-LRO fails to meet a deadline, the Union is entitled to move the Grievance to the next step in the process.
- J. All Grievance records will be forwarded to the HR Manager for retention separate from the Grievant's personnel file. The HR Manager will prepare analyses of Grievances as requested by the ED.

The Executive Director or designee retains the exclusive authority to declare inclement weather conditions affecting WSCJTC facilities.

 - b. The Communications Manager will be responsible for managing communication and/or notification with externally affected parties, including the media, public safety agencies, and other organizations.
- D. Evacuation orders issued by the Governor's Office may supersede any decision made by the Executive Director or designee.
- E. If the campus is fully operational, but employees are unable to report to campus to work their scheduled shift due to Inclement Weather, employees will be allowed up to one hour of paid time at the beginning of the workday for late arrival. Leaving the facility early or tardiness in excess of one hour will be charged in the following order:
 - 1. Any earned compensatory or exchange time;
 - 2. Any accrued vacation leave;

If advance notice is not possible, each building at the WSCJTC that will suspend operations will have a sign posted at the building's entrance with notification. The emergency number message and/or Emergency Notification System will be updated accordingly.

Employees not required to work during suspended operations will not experience a loss in pay and will not be required to submit leave. When an employee is already on pre-approved leave, their leave will still apply.

Any employee required to report to work during suspended operations will be compensated as follows:

- a. Overtime-eligible employees will accrue compensatory time at the rate of time plus one-half of the time worked during the closure.
- b. Overtime exempt employees will accrue exchange time at a rate of hour for hour of time worked during the closure.

Authorizing Source: WAC 357-31, RCW 38.40.060; Collective Bargaining Agreement (CBA), The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) 38 USC 4301		Applies to: Classified Employees

I. PURPOSE:

This policy provides the Washington State Criminal Justice Training Commission's (WSCJTC) leave accrual and use processes as established to accompany governing Washington Administrative Code (WAC), Office of Financial Management (OFM) Rules, and Collective Bargaining Agreements (CBA).

II. DEFINITION:

Leave Request: A formal application for time off from work.

III. POLICY:

The WSCJTC believes it is beneficial to the organization to provide a culture that supports a balance between work and personal life. As part of this commitment, the WSCJTC will employ a responsive and fair process for approving Leave Requests.

A. Role and Responsibility

Role	Responsibilities
Employee	• Complete a Leave Request through MyPortal.wa.gov and submit the request to the supervisor for approval. • Leave Requests should be completed prior to the proposed absence according to the CBA for union represented employees and provide a reasonable amount of notice when possible. • Leave Requests for unscheduled sick leave should be submitted to the employee's supervisor promptly, preferably one hour prior to their normally scheduled start time on the first day of leave and each day thereafter, in accordance with supervisor's reporting method expectations. Sick leave must be submitted in MyPortal immediately upon the employee's return to work from the absence (medical certification may be required). NOTE: State observed holidays do not require submission of Leave Requests.

Supervisor/ Manager	• Check employee's leave balances and approve or deny the employee's Leave Requests, following associated WAC rules and the CBA for union represented employees. • If the Leave Request is approved, process the approval within the MyPortal system in a timely manner. • If the Leave Request is denied, discuss the reasons with the employee and deny the request within the MyPortal system within a timely manner. • If an employee's Leave Request is denied, and the employee is absent regardless, absent extenuating circumstances, the absence must be designated as unauthorized leave without pay and may be grounds for discipline, up to and including termination. Contact the Human Resources (HR) Office for assistance. NOTE: If the request for sick leave is associated with an employee's (or family members') serious medical condition, consultation with HR is required.
Human Resource Office	• Consult with supervisors and managers to ensure that leave provisions outlined in federal and state laws and WACs are honored for employees. • Consult with employees to ensure they understand leave options available for use.

B. Accrued and Non-accrued Leave

1. The categories below are leave types that can be accrued by employees.
 - a. Part-time employees will accrue leave at a rate proportionate to the number of hours in which they remain in pay status during the month.
 - b. Full-time employees will accrue the following:

Leave Category	Amount of Accrual
Personal Holiday	One work shift per calendar year (as long as employment is expected to last 4 months or longer).
Personal Leave Day (represented employees only)	One work shift per fiscal year (as long as employment is expected to last 4 months or longer).
Sick Leave	8 hours per month.
Vacation Leave	Specific rates are listed on the OFM Webpage .
Compensatory Time (overtime eligible employees only)	Hours accrued at time and a half for hours worked over 40 hours in a work week.

2. When accrued leave can be used

Upon supervisory approval, employees may use the different types of leave (listed above) for standard purposes immediately upon accrual. Employees may not use leave that is not yet accrued.

3. There are various other types of leave available to employees but not accrued. Refer to the [OFM Webpage](#) for leave types: Bereavement Leave, Civil Leave, Family and Medical Leave Act (FMLA), Paid Family Medical Leave (PFML), Military Leave, Uniformed Services Leave, and Shared Leave.
4. Situations when leave must be approved

There are a number of situations when supervisors and managers must grant approval for employees to use their existing leave balances and, at times, leave without pay. In most cases, there are employee eligibility requirements and limitations to the amount of leave to be granted.

The following are reasons that the WSCJTC will grant leave or leave without pay for a prescribed amount of time, as long as the employee meets the eligibility requirements.

Type of Leave or Reason for Leave	Additional Information
Family Care Emergency	WAC 357-31-290 , WSCJTC FMLA Policy 2.18 and 2.19
Family Medical Leave/Family Care Act Leave	WSCJTC FMLA Policy 2.18 and 2.19, Title 50A RCW , RCW 49.12.265-295
Inclement Weather	WAC 357-31-255 , WSCJTC Inclement Weather Policy 2.22
Parental Leave	WAC 357-31-460 , WFSE CBA
Military Leave	WAC 357-31-360 , RCW 38.40.060

5. Leave will be lost if not used under the following conditions:

There are two leave types where an employee can lose leave if it is not used within a certain amount of time.

- a. Personal holidays and personal leave days must be used within specified time frames or will be lost. Personal holidays and personal leave days do not roll over into the following year if not used. Per [WAC 357-31-080](#), if before the end of the calendar year the employee requests the use of their personal holiday in accordance with the employer's leave procedures and the employer denies the request, the employee is entitled to carry over the personal holiday to the next calendar year. Please see the [CBA](#) between the state of Washington and the Washington Federation of State Employees for additional details on personal holidays.
- b. Vacation leave balances may not exceed 280 hours on the employee's annual anniversary date. An employee may be at risk of losing vacation hours over 280 on their anniversary date if the leave is not used. Exceptions can be made to protect unused leave over 280 hours under certain circumstances with agency approval per [WAC 357-31-215](#).

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 28 Reasonable Accommodation of Persons with Disabilities	Revised: 7/01/2018; 4/29/2025
Authorizing Source: Americans with Disabilities Act ; Rehabilitation Act of 1973 ; RCW 49.60 , RCW 41.06.490 , WAC 357-26 , WAC 162-22-065 , and Governor's Executive Order 96-04		Applies to: All Staff

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC) affirms its commitment to equal opportunity and access to employment, facilities, programs, and services offered to individuals with disabilities. The WSCJTC will not discriminate against any individual with a Disability, or anyone perceived or believed to have a Disability, in any aspect of the employment process.

This policy also sets provisions for meeting the Reasonable Accommodation (RA) requirements of Federal and State Law.

II. DEFINITIONS:

Applicant – A person seeking employment who has requested consideration for a vacant position by following instructions as specified in the recruitment announcement for the vacant position.

Disability – The presence of a physical or mental impairment that substantially limits one or more major life activities.

A Disability exists whether it is temporary or permanent, common or uncommon, mitigated or unmitigated, or whether or not it limits the ability to work generally or work at a particular job or whether or not it limits any other activity within the scope of this chapter.

Any mental, developmental, traumatic, or psychological disorder, including but not limited to cognitive limitation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

Only for the purposes of qualifying for RA(s) in employment, impairment must be known or shown through an interactive process to exist in fact and:

- The impairment must have a substantially limiting effect upon the individual's ability to perform their job, the individual's ability to apply or be considered for a job, or the individual's access to equal benefits, privileges, terms or conditions of employment; or
- The employee must have put the employer on notice of the existence of impairment, and medical documentation must establish a reasonable likelihood that engaging in job functions without an accommodation would aggravate the impairment to the extent that it would create a substantially limiting effect. A limitation is not substantial if it has only a trivial effect.

Direct Threat – There is reasonable cause to believe that an employee poses a Direct Threat to the health or safety of themselves or others.

Essential Functions – Primary duties of a position that are fundamental to why the position exists. This does not include “marginal functions” – job duties that are peripheral or secondary to the main functions.

Health Care Professional – A person who has completed a course of study and is licensed to practice in a field of health care that includes the diagnosis and assessment of the particular Disability in question.

Qualified Individual with a Disability – A person who meets legitimate skill, experience, education or other requirements of an employment position that they hold or seek and who can perform the Essential Functions of the position with or without RA(s).

Reasonable Accommodation – A modification or adjustment to practices, procedures, policies, work environment, or a job, which determined on a case-by-case basis, enables a Qualified Individual with a Disability to enjoy equal benefits and privileges of employment.

III. POLICY STATEMENT:

Qualified Individuals with Disabilities have the right to request and receive Reasonable Accommodation(s) in all aspects of employment, so they may; enjoy the benefits, rights and privileges of equal employment opportunity afforded to other applicants, candidates and employees; and access to WSCJTC programs, facilities and services, consistent with applicable law, regulations, WSCJTC policies and labor contracts.

IV. POLICY:

A. Non-Discrimination

The WSCJTC will not discriminate against any Qualified Individual with a Disability, or anyone perceived or believed to have a Disability, in any aspect of the employment process. Requesting, receiving, and/or needing an accommodation will not adversely impact the individual's right to enjoy equal employment opportunity.

B. Accessibility

The WSCJTC will provide an opportunity for qualified Applicants, selected candidates, and employees with disabilities to request and receive RA(s) to ensure equal access to employment, facilities, programs, and services.

C. Essential Functions

Essential Functions are identified and documented on the Position Description Form. Copies of Position Description forms are available, upon request, from Human Resources (HR).

D. Notice of Accommodation

WSCJTC will notify Applicants and employees of their right to request and receive RA(s).

Qualified Individuals with Disabilities that require accommodation are generally expected to notify the WSCJTC that an accommodation may be required.

Regardless of employee notification, WSCJTC will also engage employees in the RA process when supervisors/managers become aware of qualifying disabilities and physical limitations, and/or there is reason to believe that known disabilities may impact employees' ability to perform the Essential Functions of their position.

E. Interactive Process

WSCJTC will engage in an interactive process with employees, in response to their accommodation requests, to determine reasonable and appropriate accommodation(s) that provide employees with equal opportunity. WSCJTC shall consider each request and corresponding accommodation on a case-by-case basis.

F. Medical Information

When necessary, individuals requesting or requiring possible accommodations need to cooperate with and/or authorize the WSCJTC to obtain information from their physician(s), licensed mental Health Care Professional(s), or other Health Care Professional(s). In some cases, an Independent Medical Examination (IME) may be required to determine the nature of and/or limitation related to a Disability.

The WSCJTC is not obligated to continue the RA process when employees elect not to provide requested medical information and/or refuse to cooperate with related IMEs.

G. Determinations

Accommodation determinations will be made on a case-by-case basis only after careful consideration. The HR Manager or designee shall engage in an interactive process prior to making determinations regarding RA requests. This may include consultation with appropriate sources of technical expertise on accommodations.

Although employee preference is considered when multiple effective accommodations are identified, the WSCJTC selects the accommodation option provided.

WSCJTC is not obligated to make accommodations that are not reasonable; involve a Direct Threat that cannot reduce to safe levels; and/or impose undue hardship on the operation of the agency. Decisions to deny accommodations on these grounds must be authorized by the Executive Director or designee.

H. Declined Accommodations

Qualified Individuals with Disabilities have the right to decline offered accommodations. When accommodations are declined and the involved individuals cannot participate in recruitment/selection processes or perform the Essential Functions of the position, they will no longer be considered as otherwise Qualified Individuals with Disability for the purposes of accommodation.

I. Separations

Employees may be separated from employment due to a Disability when; upon conclusion of the accommodation process there is no viable option; medical documentation confirms an employee's inability to work in any capacity; or employees voluntarily request separation due to Disability and provide a medical certification documenting their inability to perform the Essential Functions of their position/classification.

J. Confidentiality

All Disability related information shall be treated as a confidential medical record and maintained in a secure manner, apart from the personnel files. Access to this information will be restricted and requires the approval of the HR Manager or designee.

K. Complaints

Employees may register complaints through the Internal Dispute Resolution (IDR) process or directly with the Federal Equal Employment Opportunity Commission or with the Washington State Human Rights Commission under [RCW 49.60](#).

2. Employees

a. Notification

- i. New Employees: HR will inform newly hired employees during New Employee Orientation (NEO) of the WSCJTC's RA policy and of their right and responsibility to request accommodation.
- ii. Current Employees: The HR Manager or designee will inform current employees identified as disabled, or who become disabled, of the RA policy and their right to request accommodation, upon adoption and revision of this policy, or at the time the identification is made known to management.

- i. New employees, who have not previously notified the agency of the need for RA(s), shall schedule a meeting with the HR Manager during New Employee Orientation.
- ii. Requests made by current employees should be in writing using the RA Request Form. Verbal requests may be made to the HR Manager who will confirm with the requesting individuals in writing.
- iii. Supervisors receiving verbal notice for a need of accommodation should direct staff to make requests through the HR Manager. The supervisor shall promptly notify the HR Manager in writing when verbal accommodation requests are received.

If supervisors/managers become aware of qualifying disabilities and physical limitations, and/or there is reason to believe that known disabilities may impact employees' ability to perform the Essential Functions of their position they should notify the HR Manager, in writing, of the potential need to accommodate.

c. Processing

RA requests shall be processed as follows:

- The HR Manager or designee will engage in an interactive process with the requesting employee.
- Employees seeking RA(s) shall cooperate and assist the agency in obtaining the necessary medical verification from their Health Care Professional regarding the nature/extent of the Disability.
- When more specific medical information is needed, a medical release is required so that additional information may be requested from the individual's Health Care Professional. The agency may also require an IME, at its own expense, regarding the Disability.
- When the nature and extent of the Disability is established, the HR Manager or designee, will engage with the supervisor and requester to identify essential job functions and review possible accommodations required for the employee to perform those functions.
- WSCJTC may seek technical assistance with respect to accommodation from the Human Rights Commission or the Office of Civil Rights. If necessary, consultation with outside agencies (Governor's Commission on Disability Issues and Employment, DSHS's Division of Vocational Rehabilitation, Services for the Blind, the Developmental Disabilities Planning Council, and/or other appropriate technical assistance resources) will be pursued as appropriate.
- If the accommodation is agreed upon through an interactive process that includes the affected parties, the HR Manager shall confirm so in writing. If an agreement is not reached, the HR Manager will notify the employee of the RA the WSCJTC can provide.
- Any recommendation by the HR Manager to deny a request for accommodation shall be forwarded to the Executive Director for review and final determination.
- The HR Manager shall inform employees of their right to pursue redress for resolution of disputes through appropriate administrative procedures and civil agencies prior to concluding the accommodation process.

M. Dispute Resolution

Employees may request a review of the outcome of their accommodation request as follows:

1. Executive Management Team Review

Employees must submit a written request for review of their accommodations to their Division Manager or Commander within seven (7) calendar days following their receipt of the RA decision. Requests must be signed, dated, and include detailed descriptions of the concerns/disagreements with the accommodation outcome.

The employee's Assistant Director shall meet with the employee and provide a written response within fifteen (15) calendar days following the meeting.

2. Executive Director Review

If the Assistant Director's response does not resolve the issues under dispute, employees may request a review by the Executive Director. The written request must be received within seven (7) calendar days following receipt of the Assistant Director's response. This request must be signed, dated, include a copy of the original request for review, and the reasons why the issues are not resolved.

The Executive Director or designee will review the information provided and provide a written response within twenty-one (21) calendar days from the date of receipt. The Executive Director or designee's review and subsequent determination is final.

Use of this dispute resolution process does not preclude the right of employees to register complaints with the Federal Equal Employment Opportunity Commission and/or the Human Rights Commission.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 29 Recruitment, Selection and Appointment – Washington Management Service (WMS) and Washington General Service (WGS)	Revised: 07/01/2018
Authorizing Source: RCW 41.06, RCW 42.56.230, RCW 42.56.250, WAC 357-16, Collective Bargaining Agreement		Applies to: All Staff

I. PURPOSE:

This policy establishes guidelines for recruitment, selection, and hiring of new employees for the Washington State Criminal Justice Training Commission (WSCJTC). The WSCJTC actively recruits for a diverse workforce representing the demographic of its stakeholders.

The Agency is committed to employing highly qualified, capable managers in our WMS and Exempt positions who will provide leadership and make positive contributions to setting and achieving agency goals. The recruitment and selection practices, established herein, will be flexible and will permit methods and strategies to be varied and customized for each recruitment and selection need.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 30 Reduction in Force	Revised: 07/01/2018; 11/12/2025
Authorizing Source: RCW 41.06.150 ; Title 357 WAC ; Collective Bargaining Agreement		Applies to: All Staff

I. PURPOSE:

This policy establishes how Washington State Criminal Justice Training Commission (WSCJTC) must achieve a reduction-in-force (RIF) of classified employees with the least hardship to employees and a minimum of interference in the work process. If this policy conflicts with any provision of the Collective Bargaining Agreement (CBA), the CBA prevails.

II. DEFINITIONS:

Reduction in Force – A separation from service, reduction in work hours, or demotion, without cause on the part of the employee.

Layoff Unit – WSCJTC bargaining unit in which the employee's workstation or project is located, including county.

Formal Option – A position within the Layoff Unit, in a classification in which the employee holds permanent status, and which is at the same or lower salary range as the class from which the RIF is occurring.

Informal Option – Positions for which the employee is qualified, which are at the same or lower salary range as the class from which the RIF is occurring. The employee will not have held permanent status in these classifications.

III. POLICY:

A. WSCJTC maintains a workforce appropriate to agency responsibilities. When a workforce reduction is necessary, the agency will endeavor to do so through normal attrition and hiring restrictions. All RIF proposals will be discussed with union officials prior to implementation.

B. The agency may reduce the number of employees for any of the following reasons:

- Lack of funds;
- Curtailment of work;
- Good faith reorganization for efficiency purposes;
- Having fewer funded positions than the number of employees entitled to the positions (because of reversions from other agencies or Washington Management Service employees returning to General Service);

- An incumbent is no longer eligible to continue in a position which has been reallocated; or
 - Termination of a project.
- C. The agency will not separate a permanent employee from state service through RIF without offering, at least fifteen (15) calendar days in advance, a list of positions for which the employee is qualified; currently held by emergency, temporary, probationary or intermittent employees; in the same or lower salary range within the Layoff Unit.
- D. Seniority is measured according to the employee's seniority date at the time of the RIF action.
1. The HR Manager or designee oversees the computation of seniority and advises employees of their standings on the seniority list. The agency also provides the Union a seniority list upon request.
 2. Ties in seniority will be broken in this order:
 - a. calculating the employees' last continuous time within their current classification;
 - b. measuring the employees' last continuous time within the agency;
 - c. by lot.
- E. At the time of the RIF action, veterans and veterans' surviving spouses receive additional seniority for active military service, limited to five (5) years credit.
- F. Layoff Units within WSCJTC
The primary Layoff Unit must be the county in which an employee's workstation is located. If no Formal or Informal Option is available within the county Layoff Unit, the unit expands to statewide.

Employment projects are distinct Layoff Units, separate and exclusive of any other defined Layoff Unit or employment project.

Project employees have RIF rights within their project boundaries only and must compete according to seniority, except permanent employees who left regular classified positions to accept project employment. Such employees have RIF rights from the position they left. Time spent in project employment is credited to the employee's seniority for use in competing in regular state positions, provided there is no break in service.

G. Formal Option

In cases where a classification no longer exists due to civil service reform, the Office of Financial Management/State Human Resources (OFM/SHR) determines if the position the employee held in the abolished classification equates to an existing class. If it is determined an equation exists, the normal procedure for determining RIF options will be exercised.

If a position has a confirmed selective qualification, the position may not be offered as an option to an employee who does not possess that selective qualification.

H. Informal Option

Informal Options are positions that may be available to a permanent employee, based on seniority and qualifications, even if that employee does not hold permanent status in the positions' classifications.

I. Pool Options

When more than one employee is being RIFed from the same geographic location and multiple options are available to the same classification:

- Each employee will be provided a list of all options for which they qualify.
- Employees will be required to bid on those options by indicating, in order of preference (1, 2, 3, etc.), on their most desired options
- Employees will be notified that options are granted based on seniority.

	Chapter 2 Policy 33 Resignation, Retirement, and Termination	Revised: 07/01/2018
Authorizing Source: WAC 357-31-150, 357-31-225, RCW 43.01.0141		Applies to: All Staff

I. PURPOSE:

This policy establishes procedures for Washington State Criminal Justice Training Commission (WSCJTC) employees leaving state service. These provisions do not apply to interagency transfers, even if the payroll action code indicates termination.

II. DEFINITIONS:

Benefits on leaving state service – An employee who has six months or more of continuous state service on the effective date of a dismissal, RIF, separation, retirement, or a resignation with at least fifteen (15) days' notice is entitled to a lump sum payment of unused vacation leave. Only retirees will be paid for unused sick leave (at the rate of twenty-five percent). All employees leaving state service will be eligible for health benefit continuation, self-paying the premiums for up to eighteen (18) months.

Dismissal – Termination of a permanent employee for cause, or a probationary classified employee.

Reduction in Force (RIF) – Termination due to a lack of funds, lack of work, good faith reorganization for efficiency purposes, or from there being fewer positions than the number of employees entitled to the positions because of demotion or reversion.

Resignation – Voluntarily leaving state service, with or without notice.

Retirement – Resignation, with notice, accompanied by a claim for state retirement benefits.

Reversion – Voluntary or involuntary movement of a classified employee during a trial service period or of a Washington Management Service (WMS) employee during the review period, to the job class held prior to the current appointment.

Separation – The termination of a Washington Management Service employee during the review period.

Termination – Involuntarily leaving State of Washington employment.

III. DISMISSAL:

- A. The Executive Director will dismiss permanent employees (except for Merit System exempt employees) only for the reasons specified in Chapter 2 – Discipline and Corrective Action.

- B. Permanent employees (except exempt employees) will be afforded an opportunity to respond to charges and to present mitigating circumstances before the dismissal is imposed. [This opportunity is typically termed a Loudermill conference.]
- C. Dismissals are imposed in writing, with a reminder of appeal rights.
- D. Dismissed permanent employees are given at least fifteen (15) calendar days' notice of the effective date, unless the good of the agency justifies removing the employee from the facility during the notice period.
- E. An employee on initial probation or WMS review period (i.e., who holds permanent status in no classification) may be dismissed without appeal or Loudermill conference.
- F. The Human Resources Manager out-processes dismissed employees.

IV. REVERSION:

- A. A state employee who transfers into WSCJTC or accepts a promotion or transfer within WSCJTC will be informed in writing of the trial service or review period.
- B. When an employee does not succeed during the trial service or review period, he or she will be provided a written notice of reversion to the classification previously held. This is not necessarily the position previously held (which may have been eliminated, re-allocated, or assigned to an employee with greater seniority).
- C. After five (5) calendar days' notice, the employee reverts to his/her former classification and pay. If there is a vacant position in that classification for which the employee has permanent status, the employee is reassigned to that vacancy.
- D. If there is no position appropriate to the reverted employee's classification and seniority when the notice period ends, the employee is placed on a Reversion Register and considered a RIF for lack of work. The employee is then terminated, but with no break in service.
- E. The reversion and the termination are not subject to appeal or Loudermill conference.
- F. The Human Resources Manager processes reverted employees.

V. SEPARATION:

- A. A WMS employee who does not succeed during the review period, and who is not eligible for reversion to a classified or WMS classification previously held, may be separated. There is no notice requirement beyond informing the employee of the separation's effective date.
- B. A separation is not subject to appeal.

VI. REDUCTION IN FORCE:

The agency will follow Article 34 of the Collective Bargaining Agreement.

- A. Employees are urged to give management as much notice as possible of their intention to resign or retire, and provide that notice in writing.
- B. The WSCJTC is authorized to pay an employee for accrued vacation upon resignation or retirement when adequate notice is provided. The WSCJTC reserves the right to deny cashout under the circumstances set forth in state law and the Collective Bargaining Agreement.
- C. Upon submitting a resignation or retirement notice, the decision is deemed accepted. Once received, the Division Manager shall contact the Human Resources Manager for scheduling an exit interview.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 34 Salary Determination Washington General Service (WGS)	Revised: 01/31/2020
Authorizing Source: WAC 357-28		Applies to: All Staff

I. PURPOSE:

This policy establishes guidelines for the administration of salary for all Washington General Service positions.

II. POLICY:

A. Compensation philosophy

The WSCJTC recognizes that it is in the best interest of the organization and its employees to fairly compensate our workforce for the value of the work provided. It is the intention of the WSCJTC to use a fair and reasonable salary determination process that incorporates flexibility to attract and retain a high-performing workforce that is capable of delivering the level of service necessary for the organization to achieve its mission. In support of our performance based culture, the WSCJTC compensation system may also recognize exceptional performance that directly and uniquely contributes to the progress and success of the organization.

B. Setting base salary for new employees

The appointing authority or his or her designee, in consultation with the Human Resources Manager, will set the salary for a new employee not to exceed step L of the range established in the state's compensation plan for that particular job class. Prior state employees who are being rehired may be set at Step M if they meet the established requirements. In determining a new employee's initial base salary, the appointing authority or his or her designee may consider the employee's salary history, internal alignment, educational background, related work experience, and other relevant factors.

C. Promotions

A promotion is defined as an employee's appointment to a class with a higher salary range maximum that results in a salary increase. A promotion may also occur as a result of an upward reallocation. A permanent employee in a nonpermanent appointment who is appointed permanently to the same position will not receive a salary increase. A permanent employee in a nonpermanent appointment who promotes to a permanent position with a higher salary range would be treated the same as a promotion and would receive a salary increase from the base salary of the nonpermanent appointment.

The salary for a promoted employee shall be placed at either the starting step of the new range or the step which provides a minimum of a two-step (5%) increase, whichever is higher. The increase shall not exceed step M of the salary range assigned to the job class. An employee who promotes to a job class six ranges

higher or more than his or her current job class, or an employee who skips an intervening job class upon promotion, shall receive a minimum of a four step (10%) increase. The increase shall not exceed step L of the salary range assigned to the job class.

The appointing authority or his or her designee, in consultation with the Human Resources Manager, may grant an increase greater than two steps under the following circumstances: if significant increase in duties and responsibilities warrants greater compensation; if the increase is necessary for internal salary alignment, or retention of the employee; if the increase is necessary to bring the employee to the minimum of the salary range for the position; or for other documented business needs. The increase will not exceed step L of the salary range assigned to the job class.

D. Transfers

An employee who transfers to another position in the same job class or to a different job class at the same salary range shall retain the same base salary as in the position held prior to the transfer. The appointing authority or his or her designee, in consultation with the Human Resources Manager, may grant increases within the salary range for transfers on a case- by-case basis not to exceed step L of the range. When granting increases for a transfer, consideration may be given to recruitment and retention issues, internal alignment, educational background, related work experience, and other relevant factors.

E. Reallocations

An employee occupying a position that is reallocated to a job class with a higher salary range shall be treated the same as a promotion.

An employee occupying a position that is reallocated to a job class with the same or lower salary range maximum shall be placed in the new range at a salary equal to his or her base salary prior to reallocation. If the base salary prior to reallocation exceeds the new range, the employee's base salary will be set equal to step M of the new range. The appointing authority or his or her designee, with approval from the Human Resources Manager, may set the base salary higher than step M, but not to exceed the employee's base salary prior to reallocation. When setting salary above the maximum, consideration will be given to the value of the position to the success of the agency, the employee's educational background and related work experience, and other relevant factors.

Should the base salary be set above the maximum of the salary range assigned to the job class, the employee shall retain his or her base salary until such time as the employee vacates the position or the salary falls within the salary range established for the position.

F. Layoff options / Demotion in lieu of layoff

An employee who accepts a layoff option to a different position with the same salary range shall retain the same base salary.

An employee who accepts a demotion in lieu of layoff or accepts a layoff option to a position with a lower salary range maximum will be placed within the new salary range at a salary equal to his or her salary prior to layoff. If the base salary prior to layoff exceeds the new salary range, the employee's base salary shall be set equal to step M of the new salary range. If the employee's previous base salary was at step M of the salary range the employee must be placed at step M of the new salary range.

An employee appointed from an internal or statewide layoff list to a position with the same salary range as the position from which the employee was laid off shall be placed within the range at a salary equal to the employee's base salary prior to layoff.

The base salary for an employee appointed from an internal or statewide layoff list to a position with a lower salary range will be set in the new salary range at the discretion of the appointing authority or his or her designee, in consultation with Human Resources staff, not to exceed step M of the new salary range. When setting salary, consideration will be given to the employee's previous salary, internal alignment, educational background, related work experience, and other relevant factors.

G. Demotions

An employee who demotes for any reason other than due to a layoff action must be placed in the salary range of the new position not to exceed step L unless the employee was at step M of the salary range from which they are demoting or the employee was previously at step M in the salary range of the class the employee is demoting to. The employee who has been employed in a lower salary range shall receive credit for all continuous employment in the higher range in determining the step in the lower salary range. The employee who has not been employed in a lower salary range shall be reduced on a step-for-step basis. The appointing authority or his or her designee, with approval from the Human Resources Manager, may grant salary increases within the range differently from that outlined above on a case-by-case basis not to exceed step L.

An employee demoted for disciplinary reasons shall be placed in the new salary range at the discretion of the appointing authority or his or her designee, in consultation with Human Resources staff, not to exceed step L of the new salary range.

H. Reversions

When an employee is being reverted following a promotion or transfer, the employee's base salary is set at the step the employee would be at if he or she had not left the position.

When an employee is reverted following a voluntary demotion, the appointing authority, in consultation with the Human Resources Manager, shall determine the employee's base salary. The employee reverts to a position for which the employee

satisfies the competencies and other position requirements and which is allocated to a job class that has the same or lower salary range maximum as the job class from which the employee is reverting. When setting salary, consideration shall be given to the reason for the demotion, internal alignment, the employee's salary history, educational background, related work experience, and other relevant factors. The salary shall not exceed step M of the salary range assigned to the new job class.

I. Recruitment and Retention

1. Within salary range

The appointing authority or his or her designee may consider adjusting a current employee's base salary up to step L within the salary range to address issues that are related to recruitment, retention, or other business related reasons, such as equity, alignment or competitive market conditions. The request must be submitted on the Exceptional Salary Request Form to the Human Resources Manager for approval.

2. Longevity increases

Once an employee is at step L of a salary range, they will progress to step M of that same salary range six years from the date they were advanced or appointed to step L. The progression to step M is regardless of what has transpired in the six years since the employee was appointed to step L, provided that the employee is at step L in the same pay range as the pay range the employee was in at the beginning of the six-year period.

	Chapter 2 Policy 36 Sexual Harassment	Revised: 07/01/2018; 08/01/2022
Authorizing Source: Title VII U.S. Civil Rights Act of 1964 as amended in 1972; EEOC Guidelines 29 C.F.R. 1604.11; Executive Order 89-01; RCW 41.06.395; RCW 43.01.135; RCW 49.60; RCW 49.60.030; WAC 357-34-100 through 120		Applies to: All Staff

I. POLICY:

The WSCJTC is committed to providing a working environment that is free from sexual harassment of any kind. Sexual harassment is an unacceptable practice and will not be tolerated in the workplace.

Sexual harassment is a form of sex discrimination and is an unlawful employment practice under Title VII of the 1964 Civil Rights Act, *RCW 49.60* (Washington State Law against Discrimination) and *Washington State's Executive Order 89-01*.

Sexual harassment is misconduct that undermines the integrity and quality of the workplace and employment relationships and is unfair to the employee or volunteer who is subjected to it and their co-workers. All employees, volunteers, and persons conducting business with the WSCJTC must be allowed to work in an environment free from unsolicited and unwelcome sexual overtones. Sexual harassment hurts morale and interferes with the work productivity of employees and volunteers.

The WSCJTC does not intend to regulate social interaction or relationships which are consensual, voluntary and freely entered into by employees, volunteers, or individuals engaged in business with the office where such relationships do not impact the performance of professional duties.

II. DEFINITIONS:

According to the federal Equal Employment Opportunity Commission (Section 1604.11):

Sexual harassment - unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when any one (1) of three (3) criteria is met:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment.
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
- Such behavior has the purpose or effect of unreasonably interfering with an individual's work performance creating an intimidating, hostile, or offensive work environment.

Examples of sexual harassment include but are not limited to:

- Verbal: Sexual comments, suggestions, jokes, requests for sexual favors, sexual innuendoes, or lewd remarks;
- Non-verbal: Sexual gestures, leering, any distribution or display of any written or graphic material such as pictures, calendars, posters, or cartoons; or sexual content in letters, notes, facsimiles, email, instant messages, texts and other forms of social media;
- Physical: Physical contact including but not limited to pinching, patting, hugging, cornering, assault, molestation, touching, repeated brushing against a person's body, kissing, fondling, or forced sexual intercourse.

III. ROLES AND RESPONSIBILITIES:

- A. Consequences for failing to maintain a work environment free from sexual harassment

All WSCJTC employees and volunteers and other persons having business with the agency are responsible to maintain a work environment free from sexual harassment. Employees, volunteers, and contractors determined to be in violation of this policy will be subject to appropriate corrective or disciplinary action, up to and including termination.

- B. Supervisor or Manager's role in providing a work environment free from sexual harassment

It is the responsibility of managers and supervisors to clearly communicate the policy to all employees and volunteers and to provide training to new employees during the orientation phase of their employment. Managers and supervisors shall ensure their staff review the sexual harassment training and policy annually. Managers and supervisors must also take reasonable steps to prevent sexual harassment in their work units and take immediate corrective action if they become aware of sexual harassment. Failure to do so may result in corrective or disciplinary action, up to and including termination.

- C. Filing a sexual harassment complaint

All employees, volunteers, contractors, and other persons having business with the WSCJTC have the right to file a complaint with the WSCJTC Human Resources Manager under this policy, the Washington State Human Rights Commission under RCW 49.60 or with the Federal Equal Employment Opportunity Commission under Title VII of the Civil Rights Act of 1964.

- D. The WSCJTC will respond to all sexual harassment complaints

All employees, volunteers, and contractors are advised that if a complaint concerning a violation of this policy is made, the WSCJTC is under a legal obligation to respond.

E. Process when a complaint is filed

Investigative procedures depend on the nature and the extent of sexual harassment and the context in which the alleged incidents occurred. Appropriate investigative procedures may include informal review or a formal investigation and will be conducted in a prompt and sensitive manner. All employees and volunteers are required to cooperate. Management shall inform the complainant of the completion of the investigation and whether their allegations were substantiated.

F. An internal investigation for sexual harassment will be kept confidential if possible. All efforts will be made during the investigation process to maintain confidentiality to the extent possible. Once an investigation is completed, confidentiality can no longer be guaranteed. Completed investigative reports may be subject to public dissemination in accordance with state law.

G. Retaliation from an allegation of sexual harassment will not be tolerated. Retaliation against employees, volunteers, contractors or other persons having business with the WSCJTC who report sexual harassment or who participate in an investigation will not be tolerated. Any employee, volunteer or contractor found to have retaliated will be subject to corrective or disciplinary action, up to and including termination.

H. Primary roles and responsibilities for sexual harassment within WSCJTC

Role	Responsibilities
Employee/ Volunteer/ Contractor	All employees and volunteers shall take responsibility for creating and maintaining a work environment free of sexual harassment. Any employee, volunteer, or contractor who believes they are being sexually harassed by another employee, volunteer, or contractor of the WSCJTC or other person having business with the WSCJTC should immediately notify their supervisor. Every effort will be made to complete the investigation in a timely manner. Upon completion of the investigation, the findings will be shared with the Executive Director and Deputy Director. If the finding is that sexual harassment occurred, corrective or disciplinary action will be taken up to and including termination. The Human Resources Manager will follow-up with the individual who filed the complaint once the investigation is complete.
Staff Cooperation	Managers, supervisors, employees, volunteers, and contractors are required to cooperate in all phases of an investigation. It is also an expectation that staff in the work area where the incident occurred and others involved in the investigation will cooperate to minimize disruption and stress in the work unit by refraining from unnecessary dissemination of information and speculation regarding the alleged acts or investigation. After completion of the investigation and any necessary personnel action, management may provide follow up information to affected individuals, witnesses, staff, or the work unit where appropriate.

Chapter 2 Policy 37 Shared Leave

Revised: 07/01/2018;
08/01/2022

Authorizing Source: RCW 51.32

Applies to: All Staff

I. PURPOSE:

This policy establishes guidelines for WSCJTC employees to donate or receive paid leave.

II. DEFINITIONS:

Employee - means a state employee entitled to accrued sick leave, vacation leave, or a personal holiday for whom the agency maintains accurate leave records.

Employee's Relative - means the employee's spouse, child, stepchild, grandchild, grandparent, or parent.

Health Care Professional - is one who has completed a course of study and is licensed to practice health care, including the diagnosis and assessment of the condition in question.

Household Member - means a person residing in the same home as the state employee and having reciprocal duties to provide financial support for one another. This term will include a foster child and a legal ward, even if not living in the household. "Household Member" does not include a person sharing the same general house when the living style is primarily that of a dormitory or commune.

Severe or Extraordinary Condition - means serious, extreme, and/or life threatening.

Shared Leave - means paid leave or personal holiday voluntarily donated by state employees to qualified state employees who have exhausted accrued paid leave.

III. POLICY:

WSCJTC will support the state shared leave program.

A. An employee qualifies to receive shared leave when:

1. The recipient is a state employee who has complied with their agency policies on the use of sick leave.
2. The recipient has exhausted, or will soon exhaust, vacation leave and sick leave due to the illness, injury, impairment, or physical or mental condition - extraordinary or severe in nature - of the employee or the employee's relative or household member. The recipient may use donated leave only after exhausting their own paid leave.
3. The extraordinary condition has caused, or will soon cause, the employee to go on leave without pay or terminate state employment.

4. For work-related injury or illness, the employee has diligently pursued and been found ineligible for time loss benefits under RCW Chapter 51.32, and can show that the Labor and Industries claim was denied.
5. The recipient provides the Executive Director with a completed Recipient Shared Leave Form and certification from a health care professional verifying the condition's severe or extraordinary nature and its expected duration. WSCJTC will keep all medical information within the employee's confidential medical file.

B. An employee qualifies to donate shared leave when:

1. WSCJTC's Executive Director or designee approves the recipient as qualified; and
2. The donor's vacation leave balance will not fall below eighty (80) hours as a result of the donation. For part-time employees, minimum balance requirements are prorated.
3. The donor's sick leave balance will not fall below 480 hours as a result of the donation.
4. The donor may donate all or part of a personal holiday.

C. WSCJTC will promptly review and approve or disapprove donor requests.

D. Shared Leave Limitations

1. Leave may be shared between state agencies when donation and receipt are approved by mutual agreement of the agencies' Executive Directors.
2. The donor cannot donate more vacation than the donor could use before their next anniversary date. For example, a donor whose vacation balance is 160 hours, but whose anniversary date is one week (40 hours) away, could not donate 80 hours, only a maximum of 40.
3. Recipients will receive and use no more than 522 days of shared leave during the employee's state service.
4. Shared leave is dollar-valued at the donor's salary and converted to hours of leave based on the recipient's salary. The recipient is paid his/her regular rate of pay.
5. Leave not used by the recipient will be returned to the donor.
6. At a recipient's request, WSCJTC will publicize the need for shared leave a reasonable number of times.
7. WSCJTC will take care to ensure employees are not coerced, intimidated, or financially induced to donate under this program, nor suffer retaliation for not donating.

E. The Human Resources Manager is the Executive Director's advisor and designee for shared leave matters. When employees apply to donate leave, the Human Resources Manager confirms donors' leave balances.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 38 Staff Code of Conduct	Revised: 10/28/2021; 04/09/2025
Authorizing Source:		Applies to: All Staff and Contractors

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC) considers adherence to work rules to be an important responsibility of all employees and contractors so they can be treated fairly and work safely and effectively. The purpose of this policy is to establish expectations that:

- Encourage positive workplace relations by providing fair and consistent treatment of staff and contractors;
- Ensure that all employees and contractors are aware of their obligations, and the consequences of disregarding those obligations; and
- Ensure that all misconduct is addressed in a timely and appropriate manner.

This policy is not intended to cover all aspects of employee or contractor conduct. In the absence of a written policy, the employee or contractor should ask their supervisor or contract manager for guidance. Common sense and good judgment should be exercised until a formal decision is made.

II. POLICY:

The following articulates WSCJTC's expectations regarding the behavior of employees and contractors (herein referred to as staff). These expectations represent a standard of conduct for all staff. Supervisors and contract managers should set clear expectations with staff to achieve the goals set for the work group. Staff will follow directives to meet agency expectations. If conflict arises that a staff member and/or supervisor or contract manager is unable to resolve, one or both should elevate the concern utilizing the chain of command. Repeated failure or unwillingness to conform to this code of conduct may be cited as a performance deficiency and lead to disciplinary action, up to and including dismissal.

A. Accountability

Staff are expected to accept responsibility for their decisions, for the foreseeable consequences of their actions and inactions, and set an example for others. Staff are to follow Revised Code of Washington (RCWs), Washington Administrative Code (WACs), state rules, agency policies, procedures, guidelines, and supervisory directions. Staff are expected to report to work as scheduled and conduct agency business in accordance with their position description, performance expectations, and/or contract statement of work.

B. Civility

Staff are expected to act courteously. Staff are expected to contribute to and support a work environment in which a diverse population can learn, live, and work in an atmosphere of tolerance, civility, and respect for the rights and sensibilities of each

individual. Staff are expected to address problems and resolve conflicts in a civil, respectful, and constructive manner.

C. Collaboration

Staff are expected to create and maintain a work environment characterized by cooperation and contribution to the common good of the agency. They are expected to make reasonable compromises to achieve the goals of work groups and the agency. They are expected to be helpful and supportive of each other and not publicly express sarcasm, ridicule, or cynicism regarding the programs, services, staff, leadership, or operations of the WSCJTC.

D. Competence

Staff are expected to maintain professional competence, keep abreast of the latest developments in their respective areas, and maintain proficiency in the latest relevant methods and technologies. They are expected to share information with their supervisor or contract manager and colleagues, cooperate with and accommodate those who want to learn more about their job functions, and welcome questions regarding what they do.

E. Customer Service

Staff are expected to prioritize facilitation of the WSCJTC's mission over regulation of their specific activities. Staff should exhibit a "can-do" attitude and focus on the customer's needs to accomplish a program, project, or task. They are expected to actively seek ways to reconcile customers' needs and desires with any administrative or regulatory restrictions. They are expected to facilitate each other's efforts to provide the best customer service possible and offer assistance whenever possible.

F. Maturity

Staff are expected to display emotional maturity, accept responsibility for their own actions, inactions, errors and omissions, and accept the special obligation of modeling emotional self-control. They are expected to give and receive constructive criticism with openness and a positive attitude, understanding there is always room for improvement. They are expected to refrain from behaviors that reflect negatively upon themselves, their colleagues, their supervisor or contract manager, their division/program, or the agency.

G. Professionalism

Staff are expected to behave in a professional manner at all times and timely produce high quality work with neatness and accuracy. They are expected to be courteous, pleasant and considerate, and conscientiously work at maintaining positive working relationships with others. They are never to engage in any workplace behavior that could be misconstrued as mean-spirited, abusive, belittling, discriminating, harassing, or unprofessional.

The WSCJTC is committed to a working environment that exhibits fairness and integrity. Any behavior having the potential for creating adverse impact on supervision, morale, safety and security, or involves a potential conflict of interest is not acceptable.

For this reason, fraternization between any staff member and Basic Training Division (BTD) students is prohibited during the student's training assignment at WSCJTC and their probationary status and/or post-academy training with their employing agency.

Contracted Instructors training Basic Academy students must review the BTD Standard Operating Procedure (SOP) Manual for enhanced limitations on fraternization and required communication to supervisors about interaction with students outside the agency or training environment.

Fraternization is defined as a personal relationship that extends beyond the routine interaction necessary in the training/work environment. Contractor and staff attendance at social events with recruits is only allowed with the permission of the BTD Commander(s).

Should a staff member assigned anywhere within WSCJTC have a personal or familial relationship with a student prior to the student's selection for a BTD class, the staff member is required to report that relationship to their supervisor. Their supervisor shall forward the information to the BTD Commander(s) immediately.

H. Gossip

Staff are expected to refrain from engaging in gossip or disrespectful conversation about other employees. Staff should refrain from speaking negatively about their colleagues in their absence; should not repeat or perpetuate negative rumors about the agency's decisions or spread information that is harmful to others or detrimental to the effective functioning of the workplace.

This should not be misconstrued to mean that staff must agree with every organizational decision or ignore problems in the workplace. Staff are obligated to raise any concerns with their supervisors and other leaders in their chain of command. Likewise, this does not preclude staff from discussing a problem with peers with the intent of trying to resolve it in a constructive manner. Sharing of information must be done respectfully and in an appropriate setting, and not in a manner that unnecessarily and/or publicly embarrasses or humiliates other staff members. If a staff member is not satisfied with the response of their supervisor, the staff member is encouraged to contact other leaders utilizing their chain of command.

I. Respect

Staff are expected to demonstrate respect of others at all times. Below is a list of behaviors, created by WSCJTC staff, which demonstrate respect and disrespect. This list is not exhaustive. These examples serve as guidance to determine whether an employee is behaving in a respectful manner.

	Chapter 2 Policy 39 Staff Development	Revised: 07/01/2018
Authorizing Source: RCW 28B.15.558; WAC 356-39-120 and -130; WAC 357-34		Applies to: All Staff

I. PURPOSE:

The Performance and Development Plan (PDP) provides a way to sustain a successful, high-performance organization by investing in employee development and training. It establishes support to employees in developing occupational and professional skills and assigns responsibilities for providing training and development for employees.

This policy establishes guidelines for planning, approving, and funding developmental training for Washington State Criminal Justice Training Commission (WSCJTC) staff.

II. DEFINITIONS:

Career Development – Progressive development of an employee's capabilities. Career development is meant to facilitate the employee's productivity, performance, job satisfaction, and advancement. Career development can happen through work assignments as well as education and training. The education and training may be state-sponsored or achieved by the individual employee's efforts. All career development must be consistent with the needs and obligations of the state and its employers.

Career Planning – A process designed to identify and provide opportunities for each employee's career growth through job experience, training, or continuing education.

Developmental Opportunities – Activities designed to develop employees' knowledge and skills for future job assignments.

Mentoring – Activities on the job where more experienced employees help less experienced employees develop job knowledge and skills.

Training – Activities designed to develop employees' job-related knowledge and skills for present job assignments.

III. POLICY:

A. In order to sustain a successful, high performance organization, the WSCJTC believes that employee development and training is not only beneficial, but critical.

1. Upon approval from the employee's immediate supervisor, employees are eligible to attend training that will enhance their abilities to successfully perform their jobs and contribute to the agency's success.

2. Certain training is required by WAC, RCW, or Executive Order. Other training may also be required by the agency.
3. Training may be identified by supervisors or employees in individual PDP. Training may also be required as a result of an assessment of the organization's employee development and training needs.
4. Supervisors will outline specific job-related training as part of the PDP process.
5. Employees may seek out developmental opportunities to enhance individual performance that will contribute to the agency's mission, goals, and objectives.
6. An employee must get supervisory approval for all training requests. Supervisors are responsible for supporting employee development that benefits the organization or the pursuit of a performance based culture. Supervisors must balance several factors in deciding to approve or not to approve an employee's request to attend training. Some of those factors include, but are not limited to:
 - Budget.
 - Staffing – to ensure operational need is covered.
 - Job-relatedness of training requested.
 - Relationship to career development plans.

Required training and other job-related training approved by supervisors will be considered time worked. If required or otherwise approved training falls outside of an employee's standard work hours, the employee and the supervisor must determine what schedule modifications might be necessary to accommodate an employee's attendance at such training. (i.e. schedule adjustments, exchange time, over time, etc.)

With prior approval from the employee's agency, educational leave without pay may be used for furthering the employee's education. The employee must be permanent and the length of approved leave without pay for educational purposes is determined by the employer. An employee returning from authorized leave without pay will have return rights under [WAC 357-31-340](#). (Employees returning from authorized leave without pay must be employed in the same position or a similar position in the same class and in the same geographical area, provided that such return to employment is not in conflict with rules relating to layoff).

Immediately after completion of any training, the employee will submit attendance verification to update their training record.

B. Tuition reimbursement

1. The agency may support tuition reimbursement that, in some cases, allows employees to be reimbursed for tuition of college courses that provides or

enhances essential job skills and knowledge related to the employee's work assignment.

2. Tuition reimbursement must meet certain criteria to be considered for approval:

- An employee must be a permanent employee of the agency.
- Agency approval must be obtained prior to enrolling in a course.
- All tuition reimbursement is subject to the availability of funds and agency discretion.
- The course must be job-related or related to the work of state government and identified in the individual's position description form.
- Tuition reimbursement for educational and vocational coursework will be based upon fees charged by the local Washington State institutions of higher education. Costs incurred above this level (i.e., private institution's tuition) are the sole responsibility of the employee.
- Funds expended for tuition reimbursement will be limited to tuition or registration fees and will not include textbooks, supplies, lab fees, parking, or any other school expenses.
- Tuition reimbursement to any one employee for education or vocational coursework will be limited to no more than nine (9) quarter credit hours, or six (6) semester hours, or other equivalent credit hours during any one (1) academic quarter or semester.
- In the event the employee leaves the WSCJTC prior to completion of the course, tuition reimbursement, pre-approved or otherwise, shall not be made.
- Reimbursement will be provided only upon written evidence of satisfactory completion of the course. Satisfactory completion is defined as a letter grade of "C" or an appropriate equivalent.

WSCJTC encourages and will make good faith efforts to provide TRTW assistance to an injured employee in keeping with the employee's medical restrictions.

II. SCOPE:

This policy applies to permanent employees incapacitated in the course of employment who:

An employee's TRTW assignment includes one or a combination of the following:

- *Gradual Return* – the regular job is performed at reduced hours.
- *Restricted Duty* – the regular job is performed with some tasks restricted.

 - Include jobs within:
 - The employee's customary work site;
 - The same agency facility;
 - Other agency facilities; and
 - Other state agencies.
- B. The agency will ensure the physical demands placed on employees during TRTW assignments do not exceed their physical capacity as determined by the attending doctor.
- C. A qualified employee is eligible to participate in a TRTW program for up to two (2) years from the date/time loss commenced.
- D. The agency compensates employees working in a TRTW assignment as if the employee worked a regular position according to actual hours worked. The wage may include approved industrial insurance loss of earning power compensation if the TRTW assignment is in a position with a lower salary range than the employee's permanent assignment.
- E. Employee on TRTW assignments continue to attend training related to their regular duties provided the training and travel are within the employee's physical capabilities. When management requires attendance at training, management will bear the normal costs related to training.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 2 Policy 50 Dress Code	Revised: 6/28/2023; 12/26/2023; 05/20/2025
Authorizing Source:		Applies to: All Staff and Contractors

I. PURPOSE:

The purpose of this policy is to provide guidance on appropriate attire worn by Washington State Criminal Justice Training Commission (WSCJTC) employees and contractors based on the duties performed and to promote a professional image of the agency.

II. DEFINITIONS:

Attire – Clothing that reflects a professional image appropriate to the employee's role and interaction.

Standard of Dress – Guidelines of expectations for how employees should dress while representing the agency. It sets the tone for professionalism, safety, and appropriateness based on the nature of work and the workplace environment.

III. POLICY:

Personal appearance directly affects the public image of WSCJTC and state government. As such, employees should dress in appropriate Attire that is suitable for their daily work assignments. While engaged in work duties, employees and contractors must conform to a professional Standard of Dress that reflects favorably upon WSCJTC. The professional Standard of Dress may be affected by job assignments but must, at a minimum, meet the standards of this policy. Staff and contractors are expected to exercise good judgment in selecting their work Attire and must dress suitably for their work assignments for the day.

Although it is impossible and undesirable to establish an absolute dress and appearance code, WSCJTC will apply a reasonable and professional workplace standard. The contents of this policy are to serve as guidelines for staff and supervisors. Those who are unsure of what is appropriate should seek clarification from their supervisor or contract manager.

Division and Unit Managers may exercise reasonable discretion to determine appropriateness in staff Attire and appearance based on the work performed by their team. However, this does not negate the need to present a professional image.

Staff must dress in appropriate professional or business casual Attire and maintain a professional appearance in the workplace. Staff must be cognizant of visits or meetings with external partners, members of the legislature, or the public where professional Attire would be appropriate or expected.

If a staff member's Attire does not meet agency standard and is deemed inappropriate by a supervisor, they will be asked to change. Repeated violations and/or failure to comply may be subject to discipline following the WSCJTC Disciplinary and Corrective Action Policy.

Reasonable accommodations for medical reasons will be submitted to Human Resources, reviewed, and made where required.

A. Appropriate Attire

Clothing must be clean and neat in appearance and conform to accepted health, safety, and security standards applicable to the employee's work assignment. Clothing that is wrinkled, soiled, torn, revealing, or imprinted with communiqués (i.e., messages, advertising, or logos) that could be perceived as offensive is not permitted.

B. Business Professional Attire

Traditional, professional business Attire is expected of all employees when representing the agency during meetings with external partners/collaborators and/or while attending training or conferences - unless a different dress code is advised by the host.

2. Dress pants or knee or longer length skirts with sweater.

All PPE clothing and equipment provided by the agency is the property of the agency. Any item provided by the agency must not be worn while off duty or worn in environments or activities that would discredit the agency.

Supervisors and/or contract managers will ensure standardization of required equipment. They will also establish an inventory procedure to account for and inspect all issued PPE equipment. Any item needing replacement must be turned in and replaced following established procurement practices.

Employees must obtain approval from their immediate supervisor prior to making travel arrangements through the completion of a Travel/Training Request (TTR) form. Out-of-state travel requests must be routed through the chain of command to the Executive Director for approval. Travel to Hawaii and foreign countries except British Columbia, Canada require prior written approval from the Executive Director and Office of the Governor.

B. Expense Payment and Reimbursement

Employees required to travel in order to perform their duties will be reimbursed for any authorized Travel Expenses in accordance with the regulations established by the Office of Financial Management (OFM) and agency policy.

Employees should use a WSCJTC Purchase Card for airfare and lodging when possible. Travel Expenses may either be reimbursed to the Traveler after they are incurred or paid directly to a vendor. If paid directly to a vendor, approval must be obtained in advance from the approving authority and support documentation for payment must meet OFM's SAAM 10.50.55.

C. Meals

Meals are reimbursed according to SAAM Policy 10.40. Meal receipts are not needed, except for overseas travel.

For non-overnight travel assignments, the following two criteria must be met to receive a meal allowance:

1. Eleven-Hour Rule – A Traveler may be reimbursed for meal expenses when the Traveler has been in Travel Status for at least eleven hours.
2. In Travel Status during the entire meal period – The Traveler must be in Travel Status during the entire meal period in order to collect meal payments for meals.

Meal Periods

D. Lodging

1. Employees will be reimbursed for lodging when they are required to stay overnight and travel more than 50 miles (most direct road miles) from the closer

of either the employee's official residence or official station, in accordance with SAAM 10.30.30.b.

2. Lodging is reimbursed at actual cost, with an upper limit as published in SAAM. Receipts are required for reimbursement. The Executive Director or authorized designee must approve in advance lodging costs greater than the allowable amount. Lodging that meets 150 percent of the maximum per diem rate and one of the conditions listed in SAAM 10.30.20.a must pre-approved by the Executive Director or authorized designee.
3. Lodging more than 150 percent of the allowable per diem must be approved in advance of the travel by the Executive Director or authorized designee and must meet one of the conditions listed in SAAM 10.30.20.b.

E. Travel Advances and Small Expenses

1. The preferred payment for most Travel Expenses is a WSCJTC Purchase Card. The purpose of a travel advance is to defray the employee's anticipated reimbursable expenses. The use of a WSCJTC Purchase Card assists in keeping travel advance issuance to a minimum.
2. RCW 43.03.150 limits travel advances to officers and employees.
3. The advance is to cover a period not to exceed 90 days.
4. The Traveler receives the advance no more than 30 days before the start of travel.
5. Travel advances are prohibited:
 - a. For use of privately owned vehicles.
 - b. For the purchase of commercial air fares.
6. Travel advances will be issued based on the per diem rate of the final destination location, the number of days in Travel Status, and estimate of small expenses not payable by WSCJTC Purchase Card such as cab fares and parking.
7. The employee must expend the travel advance only to defray necessary reimbursable costs while performing official duties.
8. The Traveler is responsible for submitting a fully itemized travel reimbursement request on or before the tenth day following the month in which the travel advance was furnished to the Traveler.
9. If the travel advance was not fully expended, the Traveler shall reimburse the unexpended portion of the advance to the agency by the close of the tenth day following the month in which the travel advance was furnished. Payment is to be made by check or similar instrument, payable to the Criminal Justice Training Commission.
10. When a Traveler defaults in accounting for or repaying an advance, the full unpaid amount shall become immediately due and payable with interest of ten percent per annum from date of default until paid.

F. Telephone Calls

Long distance calls for non-business reasons shall not normally be made in a way that results in charges to the agency, except when an employee on Travel Status may place brief (10 minutes or less), calls to their homes or families to communicate safe arrival or changes in itinerary.

G. Vehicle Usage (Car rental, State Motor Pool, Privately Owned Vehicle (POV))

1. Reimbursement for the use of a POV on official state business is to be at the private vehicle mileage reimbursement rate specified in SAAM 10.90.20.
2. A rental car may be used for official business under the following conditions:
 - a. A state owned or operated motor vehicle is not available; or
 - b. The use of the rental car is advantageous to the state, or more economical than other means of transportation, or necessary state business cannot be accomplished otherwise; and
 - c. The use of the rental car has been approved in advance by the approving authority.
 - d. The car must be obtained through a motor vehicle rental account or state rate code from rental firms approved by the Department of Enterprise Services (DES) in locations where firms offer the service. At locations where state contracted services are not offered, a WSCJTC Purchase Card is to be used. If the Traveler does not have access to a WSCJTC Purchase Card, the employee may pay for the rental with personal finances.
 - e. The state contract for rental of motor vehicles does not authorize the vehicle to be used for other than official state business. Therefore, when a Traveler couples a personal vacation with official state business, the Traveler is expected to execute a personal contract to rent a motor vehicle for the vacation portion of the trip.

H. Airfare

1. Airfare is to be scheduled through an airline or travel service agent with a DES state contract.
2. Only a WSCJTC Purchase Card may be used for booking travel.
3. If a travel destination is not serviced by an airline with a state contract, the most economical airfare provider is to be selected.
4. Airfare may be purchased from a non-contract airfare provider if airfare is cheaper than contracted rates under SAAM 10.50.40. A cost comparison must be provided as backup documentation for the credit card bill showing the non-contracted airfare provider is more economical than the contracted provider.

I. Other Travel Rules

1. If travel plans must be altered due to inclement weather, the Traveler should promptly notify the Traveler's supervisor of the change in travel plans.

2. An employee may couple personal use time with a legitimate business trip if all of the following conditions exist:
 - a. The primary purpose of the trip is official state business;
 - b. The employee uses approved leave for the personal part of the trip; and
 - c. The agency does not incur any extra expenses beyond what it would normally incur had the trip occurred without any personal use coupled to the trip.
3. When a leave of absence is taken while in Travel Status, the exact hour of departure and return to the field duty station must be shown on the travel reimbursement request. Per diem is not to be granted for the leave of absence period nor expenses allowed for transportation unless the employee is incapacitated due to illness or injury not due to the employee's own misconduct. SAAM 10.20.50.

J. Non-reimbursable expenses

1. Employees must still follow state travel rules if a non-state entity will reimburse the agency for Travel Expenses.
2. State Travelers are not to be reimbursed more than the actual expenses of travel except for meals which can be reimbursed on an allowance basis as listed in SAAM 10.90.10 and 10.90.20.

K. Employees are to submit reimbursement requests for Travel Expenses through the TEMS. Reimbursement requests are to be submitted within 60 days following the travel. All Travel Requests are to be submitted by June 30, of each year regardless of when travel was completed.

L. Contracted Instructor: Reimbursement for Travel, Lodging, Meals and other Expenses.

1. All travel must be approved in advance via TTR form, if Contractor is required to travel away from their regular work site.
2. WSCJTC will provide the Contractor meal per diem, and personal vehicle mileage at the current state rate for in-person training over 60 miles from the Contractor's home residence.
3. Airfare and lodging must be arranged by the Program Manager or assigned agency designee, and WSCJTC will be billed directly by the vendor for those expenses. WSCJTC will only pay for the room rate and associated taxes; additional lodging expenses incurred are the responsibility of the Contractor.
4. Contractor must include travel receipts when submitting an A-19 or invoice for reimbursement. All travel reimbursement is governed by the policies identified in the Office of Financial Management SAAM Manual unless otherwise identified in the contract. 	Chapter 6 Policy 01 Canine Certification Requirements	Revised: 01/31/2020
Authorizing Source: WAC 139-05-915		Applies to: All Staff

I. PURPOSE:

The purpose of this policy is to set the requirements of certification for law enforcement and corrections canine teams pursuant to WAC 139-05-915. To include certification, expiration of certification, recertification of teams, record keeping, and maintenance training. These rules are intended to set minimum standards of performance for the certification of canine teams, in their assigned disciplines, which are used for law enforcement or corrections purposes.

This process is not related to nor does it have any effect upon the requirements for peace officer certification. Nothing in these rules is intended to limit the use of canine teams employed by other state or federal agencies for law enforcement purposes, or the use of volunteer canine teams where the handler is not a Washington peace officer, Washington tribal officer, or corrections officer.

II. DEFINITIONS:

Alert - A change of behavior or indication, recognized by the handler, when the canine encounters a trained odor.

Canine team - A specific dog handler and a specific canine controlled by that officer in the capacity of handler, formally assigned by the employing agency to work together in the performance of law enforcement or corrections duties. The handler and the canine will be considered as a team and it will be the team that is certified; if one member of the team changes, a new team exists, and the new team will need to be certified.

Decoy – The actor portraying a suspect for training purposes. Given the possibility of injuries, it shall be the responsibility of the actor to obtain permission/consent from their employer prior to participating as a decoy.

Dog handler - Any fully commissioned Washington state certified peace officer, Washington state certified tribal police officer, or corrections officer of a state, county, city, municipality, or combination thereof, agency who is responsible for the routine care, control, and utilization of a police canine within a law enforcement or corrections assignment.

Evaluator - A full time Washington state certified peace officer, certified tribal police officer, or corrections officer who has a minimum of four years of experience as a dog handler and who has been recognized as a trainer of canines by a professional organization of police and/or corrections dog handlers/trainers and subsequently approved, by the commission, as an evaluator with expertise in canine training of a specific police canine subject for the purpose of evaluating and certifying dog handlers and canines to work as a canine team.

Experienced Handler – A handler who has previously received the minimum training hours as specified in the current CJTC canine certification requirements in the discipline in which they are certifying in.

False response / alert – A final response by the dog that the handler believes is an alert and/or the handler calls it as a find and/or attempts to reward when there is no target odor present.

Inexperienced Handler – Does not meet the definition of experienced canine/handler as listed above.

Training - Any structured classroom or practical learning exercise conducted, evaluated, and documented by an experienced dog handler or trainer, certified as an instructor with recognized expertise on canine subjects associated with the development of the trainee's competency in the care, control, and utilization of a police canine.

Walk - The dog has a change of behavior, works to source, pinpoints, and moves on without giving a final response.

III. POLICY:

- A. Expiration of canine team certification – Each certification issued pursuant to these rules will remain valid for twenty-four (24) months, as long as the composition and responsibility of the canine team does not change.
 - 1. A canine team certification shall automatically expire if the specific handler and canine, originally paired at the time of certification, cease to perform canine team functions together or if the function for which the team was certified changes. Using an approved form within 60 days of the team ceasing to function, the agency must notify the commission that the team has disbanded.
- B. Expiration of certification – Each certification issued pursuant to these rules will remain valid for sixty (60) months, with exception to the evaluator separating from employment as a state certified peace officer, Washington State certified tribal police officer, or corrections officer of a state, county, city, or municipality.
- C. Initial Certification – The canine handler shall submit an application, as prescribed by the Commission, certifying the team has successfully completed the evaluation as prescribed. Upon receipt of the application, the Commission shall certify the canine team.
- D. Maintenance training – Best practice dictates the canine team should conduct regular objective-oriented training sufficient to maintain operational proficiency. Maintenance training is meant to sustain and enhance the performance of the handler, canine, and the canine team.
 - 1. The canine team should spend an average of four hours per week in routine training to maintain the proficiency level of the team.

2. Routine maintenance training, conducted by the handler to maintain the canine's proficiency and to reinforce odor recognition is an acceptable form of training but may be combined with supervised training on a regular basis. Supervised training is conducted by a qualified trainer other than the handler, in order to improve performance, identify and correct training deficiencies. Performing proficiency assessments is considered a best practice.
- E. Recertification – A canine team shall be evaluated prior to their certification expiration date to maintain their certification.
1. The canine handler shall submit an application, as prescribed by the Commission, certifying the team has successfully completed the phases of this evaluation. A separate application is required for each discipline. Upon receipt of application, the Commission shall certify the canine team.
- F. Recordkeeping – Each agency is required to keep training, performance, and identification records on canines. The records must stay with the agency responsible for the canine team. The records will be made available for review in the event that the canine is sold or transferred to another agency.
1. The records will include, but not be limited to:
 - a. Microchip number (if applicable);
 - b. Canine's name;
 - c. Breed;
 - d. Training records;
 - e. Certification date;
 - f. Date acquired or purchased;
 - g. Source from which the canine was acquired;
 - h. Purpose, use, or assignment of canine;
 - i. Handler's name;
 - j. The date and reason the canine was released from service; and
 - k. Copies of all incident reports in which use of the canine resulted in the use of force.
 2. These records must be retained for a period of one year from the date the canine is removed from active service unless a longer retention is required by statute or local ordinance.
 3. It is the responsibility of the handler to advise their employing agency of the fact that they have met the standards for canine certification. The proof of certification with the evaluator's signature along with a request for canine certification must be submitted to the commission by the employing agency. This will be considered as a request for certification. Upon verification that the minimum requirements have been met, the commission will issue certification to the canine team.

4. It is recommended that a canine intended for use by a law enforcement or corrections agency, be positively identified by having a microchip medically inserted in the canine. Any canine that is sold by a vendor to a Washington state governmental agency for use as law enforcement or corrections canine should be able to be identified by microchip placed in the canine at the vendor's expense prior to the canine being sold to the law enforcement or corrections agency. Once the microchip has been inserted, it is recommended that it not be removed except for medical necessity. If it becomes necessary to remove the microchip, the reason for the removal must be documented and entered into the canine's training records and a new microchip inserted, if medically appropriate.
- G. Reevaluation – A detection team who fails to locate/indicate on one aid during the certification may be tested again the same day, if the Evaluator rules that the miss is the handler's error and requires no additional training of the canine. All other certification failures require the team reschedule another certification on a later date. All decisions made by the Evaluators are final.

	Chapter 6 Policy 14 Training in Use of Force and Control/Defensive Tactics	Revised: 07/01/2018; 07/02/2024
Authorizing Source: 4th Amendment, 8th Amendment, 14th Amendment of the US Constitution, RCW 9A.16.020, 9A.16.040, 10.120.010		Applies to: All Staff

I. PURPOSE:

This policy establishes that the use of force and control/defensive tactics training conducted by the Washington State Criminal Justice Training Commission (WSCJTC) falls in alignment with the Washington State Office of the Attorney General Model Use of Force Policy. WSCJTC use of force and control/defensive tactics trainings are intended to provide clarity and promote safety for all by ensuring that all available and appropriate de-escalation techniques are used when possible, physical force is used appropriately only when necessary, and the amount of physical force used is proportional to the threat or resistance the officer encounters as well as the seriousness of the law enforcement objective that is being served.

II. POLICY:

All training in use of force and control/defensive tactics is in accordance with the 4th, 8th, and 14th Amendments of the U.S. Constitution and RCW 9A.16.020, 9A.16.040, and 10.120.010. It is the fundamental duty of law enforcement to preserve and protect all human life (RCW 10.120.010). Officers shall respect and uphold the dignity of all persons and use their authority in a bias-free manner.

The proper use of force is essential to ensure impartial policing and build trust in the community. While there are circumstances where individuals will not comply with the law unless compelled or controlled by officers through the use of force, officers must remain mindful that they derive their authority from the community and that unreasonable force degrades the legitimacy of that authority.

Authorizing Source: RCW 42.56, WAC 139-17-010		Applies to: Certification Staff

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC) benefits from information received from members of the public. Some members of the public, including law enforcement personnel, may be reluctant to report potential misconduct to the WSCJTC because they fear retaliation or other adverse consequences. For this reason, the WSCJTC accepts public complaints about alleged officer misconduct, including from anonymous and unknown complainants.

II. DEFINITIONS:

Identified Complainant – An individual who identifies themselves in a complaint with the understanding that their identity may be revealed to local law enforcement agencies and/or the public.

Identifying information – Information that can be used to uncover an individual's identity, such as name, address, phone number, or email address.

Anonymous Complainant – An individual who files a complaint and provides their name, phone number, email address, or other Identifying Information but requests anonymity.

Unknown Complainant – An individual who files a complaint and does not provide their name, email address, or other Identifying Information.

III. POLICY:

A. To the extent possible, the WSCJTC will protect the identity of Anonymous Complainants (see RCW 42.56.240(2)).

1. The online complaint form will give complainants the option to file complaints anonymously.
 - a. The complaint form will provide notice that, to the best of its ability, the WSCJTC will honor the preference of Anonymous Complainants to remain anonymous. The WSCJTC will make reasonable efforts to keep Anonymous Complainants anonymous. However, anonymity cannot be guaranteed in all circumstances. The online complaint form will give examples of when agencies may recognize the identity of a complainant despite their request for anonymity.

2. The online complaint form will give complainants the option to file as an Identified Complainant.
 - a. The complaint form will provide notice that, by opting to identify themselves, the complainant's identity may be disclosed to law enforcement agencies and/or the public.
3. Except when authorized by the complainant or required by law or court order, the WSCJTC will not disclose Identifying Information of Anonymous Complainants or verify any inquiry from an agency seeking to confirm the identity of an Anonymous Complainant.
4. The online complaint form will ask complainants to provide contact information so they may receive follow-up questions and/or case updates but will inform complainants that complaints will not be rejected for lack of Identifying Information.
 - a. The complaint form will notify complainants that, by not providing contact information, WSCJTC will be unable to interview them, provide them with case updates, or answer questions about the case, and that this may make it more difficult to determine or prove the existence of decertifying misconduct.
5. A person who files a complaint in good faith is immune from suit or any civil action related to the filing or the contents of the complaint per RCW 43.101.145(4).
 - a. Complaints should only be made in good faith and should not be used to harass or intimidate certified officers.

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC), criminal justice community, and the public-at-large benefit from information received from members of the public, including but not limited to, information that may affect the status of peace and corrections officer certification. WSCJTC policy allows the filing of public complaints, including anonymous complaints. This policy governs WSCJTC staff action regarding complaints.

II. DEFINITIONS:

Anonymous Complainant – An individual who files a complaint and provides their name, phone number, email address, or other identifying information but requests anonymity.

Certified Officer – Any officer that has successfully completed a background check and mandated training and been granted a license by WSCJTC to serve as a certified peace, tribal, limited authority or corrections officer.

Identified Complainant – An individual who identifies themselves in a complaint with the understanding that their identity may be revealed to local law enforcement agencies and/or the public.

III. POLICY:

2. The WSCJTC will never inquire about a complainant's age, sex, race, nationality, immigration status, or any other information about their identity, unless it is directly relevant to the complaint or alleged misconduct.

3. Language translation will be made available when needed. The WSCJTC will offer translation services without cost to complainants who request a translator.
4. WSCJTC staff will make reasonable efforts to accommodate members of the public who wish to file a complaint but need assistance to do so, including taking the complaint by phone or in person.
5. WSCJTC staff are expected to seek additional or clarifying information from complainants that allege officer misconduct but lack sufficient information to identify the involved officer(s) or sufficient detail to determine if there is a basis for certification action under RCW 43.101.105, regardless of whether the basis of a complaint constitutes misconduct under chapter 43.101 RCW.
6. All complaints will be logged into the case management system and assigned a case number.

B. Communication with Identified and Anonymous Complainants

1. Within two (2) business days of the complaint being processed, the WSCJTC will provide the complainant with:
 - a. An emailed or mailed acknowledgement that the complaint was received;
 - b. Contact information for a staff member who will become their point of contact in the case;
 - c. A link to a webpage describing what to expect during the complaint and investigation processes, as well as possible case outcomes; and
 - d. Instructions on how to submit documents and evidence to WSCJTC about the complaint and encouragement to do so promptly.
2. WSCJTC staff will make a good-faith effort to communicate with complainants to ensure that WSCJTC staff understand their allegations and have received all relevant information and documents in support of the complaint.
 - a. WSCJTC will offer complainants with personal knowledge of the alleged misconduct or who are impacted immediate family members the opportunity to speak directly with the appropriate staff member, as determined by Certification, before any complaint is closed without a Statement of Charges.
 - b. If a complainant submits evidence, it will be retained in the relevant case file.
3. WSCJTC will keep complainants informed by providing emailed or mailed notices about case status and progress through each stage before final disposition and respond to periodic complainant inquiries. WSCJTC will endeavor to notify complainants within five business days of any change to case status.

- a. If the complaint is administratively closed as a duplicate case, WSCJTC will provide notice to the complainant informing them of the primary case number.
 - b. When the case is advanced to Intake Review status, the WSCJTC will provide notice to complainants informing them that their complaint is being reviewed, and reminding them that this review determines whether the WSCJTC will administratively close the case or advance it to Investigation status.
 - c. If a case is advanced to Investigation status, the WSCJTC will provide notice to complainants and inform them that they may be interviewed during the investigation.
 - d. If a Statement of Charges is issued, the WSCJTC will provide notice to complainants.
 - i. WSCJTC staff will subsequently notify the complainant if the officer requests an administrative hearing pursuant to RCW 43.101.155.
 - ii. After the hearing panel members are selected, the WSCJTC will inform complainants who are victims of police misconduct of the names of hearing panel members and how to notify the WSCJTC of any potential conflict of interest concerns.
 - iii. The complainant will be given instructions on how to obtain hearing information related to the subject officer as well as how to observe the hearing.
4. The WSCJTC will provide emailed or mailed notice complainants informing them of the final disposition of their complaint.
- a. For all complaints closed without an investigation, the WSCJTC will inform the complainant of the reason for the closure and the process to refile their complaint should they discover Substantial New Evidence. This notification will be made when the agency is informed of the case closure.
 - b. If, after completing a certification investigation into a complaint, WSCJTC staff determine there is not sufficient evidence to file a Statement of Charges against the subject officer(s), the WSCJTC will send a notice of decline and a copy of the Investigation Report to the complainant and explain that the complainant may request in writing that this decision be reviewed by the Assistant Director of Certification. This notification will be made when the agency and officer are informed of the case closure.
 - i. The complainant must file this request within 14 days of WSCJTC's notice of decline and the final Investigation Report. The Assistant Director of Certification may waive this deadline if, in their sole discretion, the

appellant provides evidence of good cause for missing the deadline.

- ii. The Assistant Director of Certification will notify the complainant in writing of the outcome of the requested review.
- c. Certification staff will provide an emailed or mailed notice to complainants promptly upon receipt of a final order of revocation. The notification will include a copy of the final order and an explanation of the basis for revocation.
- d. For all other outcomes, including final orders that do not result in the revocation of certification, Certification staff will provide an emailed or mailed notice to complainants promptly upon receipt of a final order. This notification will include a copy of the final order.

C. Communication with Agencies

1. The WSCJTC will notify the officer's employing agency of complaints filed and inquire whether the agency has previously received and investigated the complaint.
 - a. The WSCJTC will notify the officer's employing agency at the time of the incident, and current employing agency, if different.
 - b. If an officer's employing agency conducts an investigation, the WSCJTC will periodically request updates on the progress of the investigation and request a copy of the relevant investigatory files.
 - c. In cases that fall out of WSCJTC's jurisdiction, such as when the officer is deceased, not certified, or the complaint is implausible, the WSCJTC will only notify the agency at the time of closure.
2. If the WSCJTC receives a complaint alleging criminal conduct, it will refer the matter to the agency with criminal jurisdiction in writing unless WSCJTC is aware that a criminal investigation has already been opened, or the agency has determined that a criminal investigation is not warranted. The referral will include recommendations that the investigation be performed by a law enforcement agency who has never employed the accused officer and other required notifications, as specified in WAC 139-17-010(2).
3. The WSCJTC will request periodic updates as to the status of any criminal investigation from the agency with jurisdictional authority.
4. Any referral to the agency with criminal jurisdiction or the officer's employing agency does not preclude the WSCJTC from simultaneously conducting its own investigation.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 7 Policy 03 Conflict of Interest	Revised: 06/22/2022; 03/12/2025
Authorizing Source: RCW 34.05		Applies to: All Staff

I. PURPOSE:

The objectivity and credibility of decisions of the Washington State Criminal Justice Training Commission (WSCJTC) depend on having strong systems in place to avoid conflicts of interest whether actual, potential, or perceived. Possible conflicts may arise where staff, Commissioners, attorneys, or hearings panel members may be involved in the processing, investigations, review, or consideration of a certification proceeding or be tasked with taking other action in a manner that involves individuals whom they may personally know or with whom they may have previously worked. Similarly, an individual's relationship to an employing agency may pose conflicts. The purpose of this policy is to ensure that any potential conflict is properly identified, disclosed, and addressed.

II. DEFINITIONS:

Conflict of Interest – A circumstance when an individual's personal interests could compromise their judgment, decisions, or actions or create bias or prejudice, in official or professional settings. A Conflict of Interest may be based upon family, friendship, financial, social, employment, or other interests.

Hearings Coordinator - The WSCJTC staff member who serves as liaison between the Office of the Administrative Hearings (OAH), the Respondent, the Petitioner, and the hearings panel members.

III. POLICY:

A. Accessing and Addressing Conflicts of Interest

1. Potential Conflicts of Interest should be identified as early as possible.
2. In weighing the potential for conflicts and the appearance of a lack of impartiality, individuals should take into account the level of discretion they exercise.
3. With regard to individual certification matters, employees with decision-making authority impacting the outcome of cases, and hearings panelists, must utilize the individual case Conflicts Assessment Form to identify potential conflicts.
4. For certification matters, the supervisor will:

- a. Assess whether there is a Conflict of Interest that prevents an employee from involvement with a certification review;
- b. Recuse any employee who has a Conflict of Interest in the case or complaint;
- c. Screen the conflicted employee from all matters related to the case; and
- d. Assess whether the complainant should be referred for outside review.
- e. This assessment should be made as soon as possible after the agency's receipt of the complaint. Or, for individuals involved in later review and consideration of agency action, at the time that involvement is requested.

B. Retention of Outside Investigators Due to Conflicts

1. The WSCJTC will refer to a qualified and experienced outside party for review of any complaints that invoke Conflicts of Interest that cannot be resolved utilizing internal personnel.
2. The WSCJTC is responsible for monitoring that the investigation is referred and completed in a timely manner and for establishing a conflict-free mechanism for next steps if the investigation determines that a preponderance of evidence standard has been met.
3. Qualifications for outside reviewers of complaints include:
 - a. Expertise and experience reviewing police tactics and uses of force or other types of alleged misconduct at issue;
 - b. Familiarity with Washington State certification standards; and
 - c. Familiarity with best practices and community standards for police conduct.
 - d. Qualified individuals must not have conflict of interest regarding the parties and must not, except in extraordinary cases, be current law enforcement members.

C. Hearing Panel Members

1. For hearing panel members, the Hearings Coordinator coordinates and manages conflicts checks.
2. Hearing panel members with Conflicts of Interest should immediately and voluntarily recuse themselves.
3. If a hearing panel member does not recuse themselves despite a potential conflict, it will be brought to the attention of both Respondent and Petitioner, and either party may file a petition for the disqualification of a hearing panel member.

4. If a party petitions for disqualification, the Administrative Law Judge will determine whether to grant the petition, stating facts and reasons for the determination.

D. Administrative Law Judges

1. Parties may seek the disqualification of an Administrative Law Judge consistent with the applicable provisions of [Title 34 RCW](#), including [RCW 34.05.425](#) and [RCW 34.12.050](#).

E. Commissioners

1. Per Communication Bylaws, Commissioners must not make inquiries about or otherwise discuss with WSCJTC staff, or discuss with others, certification matters under review, investigation, or consideration for agency action by a hearing panel, nor opine publicly about certification matters. However, Commissioners with first-hand knowledge of incidents or officers under certification review are not precluded from discussing those incidents or officers in their personal or professional capacity, provided that they clearly establish that they are not speaking as a Commissioner or on behalf of the Commission.
2. When serving as hearing panel members, Commissioners are subject to the same conflicts procedures as other hearing panel members.
3. Commissioners are not precluded from:
 - a. Complying with the requirements of [RCW 43.101.135](#), including providing documentation and information as the WSCJTC deems necessary to determine whether the separation or event provides grounds for suspension or revocation;
 - b. Testifying in a revocation hearing at the request of either party, provided that the Commissioner specifically states that the testimony is offered in their personal capacity or based on their employment, and not in their capacity as a Commissioner; and
 - c. Inquiring about the procedural status of a case, if the Commissioner is a complainant or the officer's former, current, or prospective employing agency head.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

Standard:	Chapter 7 Policy 04 Prioritization of Certification Investigations	Revised: 06/22/2022
Authorizing Source: RCW 43.101, WAC 139-06-040		Applies to: Certification Staff

I. PURPOSE:

The Commission recognizes that timely, thorough, and efficient handling of certification investigations is essential to promoting public trust and confidence in law enforcement, and that appropriate allocation of agency resources is necessary to further these objectives. The Commission will investigate certification matters within its regulatory purview and will prioritize handling of such investigations in accordance with this policy.

II. DEFINITIONS:

Certification investigation – Any investigation to determine if the preponderance of the evidence supports disciplinary action against an officer's certification. Investigations may commence on the Commission's own initiative under RCW 43.101.105, or upon receiving a complaint or request from any member of the public including law enforcement or corrections agencies and certified officers. WAC 139-06-040.

Officer and Certified Officer - Any full-time, general authority peace officer, tribal police officer with a recognized certified tribe, reserve officer whose peace officer certification has not lapsed, and corrections officer as defined in RCW 43.101.010 (6), (10), (12), and as applicable in RCW 43.101.105 (9).

III. POLICY:

- A. The standards and process under RCW 43.101.105, regarding probation, remedial training, suspension, denial, and revocation apply to conduct during both before and after July 25, 2021, and specifically to the conduct that the officer knew or should have known violated law or policy and that impacts suitability to serve and or where there is a pattern of misconduct that continues after July 25, 2021.

In conducting certification investigations, investigators will prioritize those matters, which implicate one or more of the below factors. These include but are not limited to uses of force that violate law or policy and that could be expected to cause physical injury, affiliation with extremist organizations, sexual harassment, acts of prejudice or discrimination against protected groups, conduct falling short of professional and ethical standards that undermines public trust, or shows an unwillingness to uphold their sworn oath.

- The allegation(s) fall under one or more of the mandatory denial or revocation categories contained in RCW 43.101.105(2).
- The allegation(s), if true, indicate the officer poses a danger of causing injury to members of the public.

- Whether occurring on or off-duty, the officer is alleged to have committed conduct that constitutes a felony, without regard to conviction per RCW 43.101.105(3)(j)(i).
- Whether occurring on or off-duty, the officer is alleged to have engaged in a pattern of acts showing an intention or reckless disregard for the rights of others, including but not limited to, violation of an individual's constitutional rights under the state or federal Constitution or a violation of RCW 10.93.160 or RCW 43.101.105(3)(j)(ii).
- The officer is alleged to have engaged in unsafe practices involving firearms, weapons, or vehicles which indicate either a willful or wanton disregard for the safety of persons or property per RCW 43.101.105(3)(j)(iii).
- The officer is alleged to have engaged in a use of force that could reasonably be expected to cause physical injury, and the use of force violated the law or policy of the officer's employer; RCW 43.101.105(3)(e).
- The officer is alleged to have engaged in conduct including, but not limited to, verbal statements, writings, online posts, recordings, and gestures, involving prejudice or discrimination against a person on the basis of race, religion, creed, color, national origin, immigration status, disability, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status; RCW 43.101.105(3)(h).
- The officer is alleged to have had affiliation with one or more extremist organizations; RCW 43.101.105(3)(i).
- The officer is alleged to have committed sexual harassment as defined by state law; RCW 43.101.105(3)(f).

Unless otherwise directed, certification investigations for which any of the above criteria are not present shall be prioritized for handling in the assigned investigator's discretion, so as to ensure timely, thorough, and efficient disposition of all matters. Complaints alleging serious misconduct under RCW 43.101.105(3) should not go uninvestigated merely because they fall outside the categories above.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

Standard:	Chapter 07 Policy 05 Certification Investigations	Revised: 10/26/2022
Authorizing Source: RCW 43.101.105, WAC 139-06-040		Applies to: Certification Staff

I. PURPOSE:

It is the policy of the Washington State Criminal Justice Training Commission (WSCJTC) to investigate allegations of RCW 43.101.105 peace and corrections officer misconduct in a fair, independent, objective, thorough and timely manner, and to proceed with due diligence in bringing each case to an appropriate conclusion. This policy provides guidance to Certification Division investigators assigned to investigate allegations of peace and corrections officer misconduct.

II. DEFINITIONS:

Certification investigation means any investigation to determine if the preponderance of the evidence supports disciplinary action against an officer's certification.

Complete investigation means an investigation that includes all relevant information required to determine whether RCW 43.101.105 misconduct more likely than not occurred or did not occur. A complete investigation is not necessarily exhaustive. There are many inquiries where good faith professional judgment may determine that sufficient relevant evidence of all points of view has been acquired and collecting more information would merely be cumulative. One should expect of a complete investigation that a competent adjudicator will be able to make a finding without resorting to surmise, prejudice, or assumption of facts at issue.

Preliminary investigation means an investigation that encompasses an effort to gather key statements or evidence if reasonably attainable. The goal of a preliminary investigation is to determine if the complaint should be further investigated and, if so, by whom.

Substantial new evidence means information or evidence previously unknown to the commission that a reasonable person would accept as adequate to support a conclusion.

III. POLICY:

Certification investigations may commence on the commission's receipt of a complaint or request from any member of the public including law enforcement or corrections agencies and certified officers, upon receiving a Notice of Separation (Form 1902), Reporting Use of Force, Discipline, Criminal Charges or Suspension (Form 1915), or Canine Reporting (Form 1916) form (each an

“Agency Report(s)”), or on the commission's own initiative under RCW 43.101.105. WAC 139-06-040.

Certification investigations shall be conducted in a fair, independent, objective, thorough and timely manner. Investigative decisions will be based on the strength of the evidence and adherence to the applicable law as applied to the facts of the case.

Investigators shall conduct a preliminary investigation upon being assigned a matter alleging misconduct. Investigators shall proceed expeditiously to a complete investigation where the allegations, if true, would likely invoke the commission's decertification jurisdiction. Likewise, a complete investigation should be considered if it appears from a preliminary review that an agency's policy, standard, or training may be a factor in unintended consequences apparent in the complaint.

Allegations which, if true, would not invoke the commission's decertification jurisdiction and/or complaints that have been previously investigated and closed but do not present substantial new evidence, may be closed with a preliminary investigation and written explanation.

Any decision not to proceed to a complete investigation must be approved by the Chief Investigator with a written explanation included in the file.

Investigators shall not automatically accept the credibility judgments or investigative conclusions of other investigating agencies or prosecuting authorities. When an investigator reviews agency or prosecutorial files, or otherwise investigates, he or she must do so independently and may reach a different conclusion from the employing agency. In addition to reviewing internal investigation files on a matter and any prosecutorial records, the investigator should conduct additional independent investigation, particularly where their professional judgment indicates (i) the evidence reviewed is not sufficient to form a complete investigation, or (ii) there is indicia that the agency investigation was not conducted in a fair, unbiased, and objective manner. Investigators must also consider the employing agency's policies and procedures and the officer's job duties and assignment in determining what constitutes a pattern of potential misconduct.

Nevertheless, a small number of complaints will allege facts that defy science and reason and accordingly do not merit more than cursory investigation and should be closed with a finding that the complainant's claim was impossible to investigate because the allegations were physically, logically, or technically impossible under any reasonable construal. An example of such a claim would be that an officer's space satellite is continuously piercing the complainant's brain with laser beams, or that officers are stealing her internal organs from her every time she goes to the market. Complaints closed in this manner shall be reviewed by the Chief Investigator as a check against improper closure.

Investigation Timelines

Completion of certification investigations should occur as rapidly as is reasonably necessary to fulfill the investigative mission of the commission without jeopardizing fairness, independence, objectivity, or thoroughness of the investigation.

Investigators will document in the case log reasons why an investigation is not completed within 120 days of case assignment. Reasons may include, for example – agency delay in production of documents, awaiting agency internal investigation, complications due to ongoing criminal investigations, difficulty scheduling witness interviews.

In all instances, an investigation should be completed within a reasonable time. Investigators may await the conclusion of an agency's internal administrative investigation or a criminal investigation to gather additional relevant information to conduct a thorough investigation. However, investigators shall not delay initiating investigations in which the employing agency is not fully cooperative with the commission's investigation, its requests for documents and information, or is otherwise not expeditiously moving their internal investigation to conclusion. In cases of failure to cooperate or dilatory conduct, investigators should consult with their supervisor regarding next steps.

Audio Recording of Interviews

Interviews should be audio-recorded as such recordings help increase accuracy. When audio-recording, all parties present, shall be informed that the interview will be audio-recorded.

While recording and before the specific questioning, identify the date, time, location, and all persons present.

Avoid case relevant, non-recorded discussions. If this happens, fully recount the discussion as soon as possible when recording resumes.

If anyone leaves or arrives during the recorded interview, state their identity on the audio recording.

Test the recorder before each interview and ensure the sound quality is good.

Whenever possible, use AC power, especially on long interviews. To avoid problems with transcription of the recording, ensure all persons speak clearly and avoid speaking over one another.

Refusal of Recording

If an interview subject declines to be audio-recorded, explain the purpose and importance of recording the interview. If, after explanation, the subject still declines to be audio-recorded, note the refusal on the recording and then proceed without recording the session.

Immediately following a non-recorded interview, complete a witness summary of the interview, also noting that the interview was not audio-recorded and clarifying the reason(s) it was not audio-recorded. It is crucial the summary accurately reflects what was said by the witness during the interview.

Frequent or Chronic Complainants

Some complaints are lodged by frequent complainants whose previous complaints have uniformly been found to lack a basis in fact. These complaints should not be summarily closed. All complaints shall be investigated. In the case of a frequent or chronic complainant, a preliminary investigation may be satisfactory to establish whether the current complaint has a basis in fact, lacks a factual basis, or is a duplicate of facts alleged in another complaint.

Investigative Report Standards

The documentation of investigations must be thorough, complete, and as comprehensive as reasonably necessary to fulfill the commission's investigative mission. Using standardized forms and formats helps in quality control, evaluating comprehensiveness and sufficiency of content, consistency, and in recordkeeping.

Each investigative report (IR) should meet these minimum standards:

1. All allegations are clearly stated and clearly answered.
2. All relevant facts bearing on the truth of each allegation are clearly stated.
3. All evidence (e.g., photos, recordings, etc.) is included or its means of retrieval specified.
4. Contact and identification information for all persons interviewed and for the investigator(s) is included.
5. The report is impartial, with no bias for or against any party.
6. The report is logically organized with the aim of helping the reader understand it.
7. Language is clear, and any special terms of art are defined. The reader should not have to presume or guess the meaning of a term.
8. Conclusionary statements are avoided wherever possible.
9. Sentences and paragraphs are direct, simple, and easy to understand, using the fewest words to clearly convey the point.

10. Estimates of time, distance, or other quantities should be as precise as reasonably useful but need not be precise beyond that.
11. Personal opinions should not be included.

Standard:	Chapter 7 Policy 08 Guidance For Hearing Panels: Penalties and Sanctions	Revised: 09/06/2023
Authorizing Source: RCW 43.101.105, RCW 43.101.380		Applies to: Certification Hearings Panels

I. PURPOSE:

The purpose of this policy is to provide guidance to the hearing panel when considering potential penalties and sanctions to impose in certification disciplinary proceedings.

II. DEFINITIONS:

Burden of proof means the obligation to provide sufficient evidence to support their allegation.

Certified officer and Officer, unless otherwise specified, means any full-time, general authority peace officer, certified limited authority peace officer, tribal police officer, or corrections officer as defined in RCW 43.101.010.

Denial means a commission decision to refuse to grant certification to a prospective certified officer. A denial shall be issued by a Final Order subject to the judicial review provisions of the Administrative Procedure Act, RCW 34.05.

Petitioner means the Commission's Certification Division.

Preponderance of the evidence means to prove something is more likely than not.

Probationary period means a determination by a hearing panel that a certified officer may work under certain circumstances subject to supervision, and requires a written agreement with the employing agency, as provided in a Final Order.

Probationary terms means the specific terms and conditions that must be satisfied during a supervised probationary period, as provided in a Final Order.

Revocation means to cancel a certified officer's certification.

Suspension means a determination by a hearing panel on agreed-upon terms that a certified officer's certification will be withheld, and the officer will be temporarily prevented from performing the duties of a certified officer during the determined period.

III. POLICY:

- A. In determining a penalty or sanction where a hearing panel has determined that misconduct has occurred, RCW 43.101.105 provides, in pertinent part, that the hearing panel shall consider, but is not bound by:
 - 1. The findings and conclusions, and the basis for the findings and conclusions, of any due process hearing or disciplinary appeals hearing following an investigation by a law enforcement agency or other investigatory body regarding alleged misconduct, if such hearing(s) occurred prior to the Commission's action;
 - 2. Any sanctions or training ordered by the employing agency regarding the alleged misconduct; and
 - 3. Whether the employing agency bears any responsibility for the situation.
- B. In addition to the considerations enumerated in RCW 43.101.105, in determining appropriate penalties and sanctions for misconduct, the hearing panel may consider:
 - 1. The severity of harm (physical, emotional, financial) to persons caused by the officer's actions.
 - 2. The severity of harm caused to public trust and/or confidence in the law enforcement profession or correctional system.
 - 3. The officer's prior history (if any) of misconduct as documented in prior certification proceedings, employing agency files, litigation records, or other sources.
 - 4. Aggravating facts or circumstances that increase the severity of or culpability of any violation of RCW 43.101.105.
 - 5. Mitigating facts or circumstances that lessen the severity or culpability of any violation of RCW 43.101.105.
 - 6. Are there concerns regarding the officer's veracity and cooperation during investigations or hearings processes (Commission, employer, or criminal investigations)?
 - 7. How has the officer demonstrated an understanding of the harm they caused and of the seriousness of the misconduct?

8. What specific measures (if any) has the officer taken that show they will not reoffend?
9. Given the above considerations and the officer's prior history of conduct and misconduct (including employer discipline, work performance, and professional development), can retraining adequately address concerns about the officer's ongoing role in law enforcement?
10. Given the above considerations and the officer's prior history of conduct and misconduct (including employer discipline, work performance, and professional development), can suspension and/or probation adequately address concerns about the officer's ongoing role in law enforcement?
11. Will other officers be deterred by the level of sanction or penalty?
12. Will there be an impact to public safety or public trust and confidence if this officer is allowed to continue in law enforcement?
13. Will the sanction or penalty serve to enhance the integrity, effectiveness, and professionalism of peace officers and corrections officers while helping to ensure that law enforcement and correctional services are delivered to the people of Washington in a manner that fully complies with the constitutions and laws of Washington State and the United States?

Panel members may consider prior hearing panel decisions, as available, to inform outcome decisions.

In certification hearings, the Petitioner (WSCJTC) holds the burden of proof in actions before the hearings panel. In any action to appeal the Commission's final administrative decision, the appealing party shall bear the burden of proof.

A hearing panel legal advisor will be available to advise the hearing panel and answer legal questions as needed. The legal advisor will be present for, but will not participate in, the deliberations.

The above list of non-statutory considerations is not exhaustive and intended to provide guidance regarding factors hearing panels may consider in evaluating appropriate penalties and sanctions for misconduct.

C. Final Orders of Suspension, Probation, or Retraining

Final orders of probation, suspension, or retraining issued as a result of misconduct shall specify the terms and conditions of the sanction, provide that certification will be revoked if the terms of any such order are not fulfilled in total during the specified period, unless good cause exists for a reasonable extension of time, and provide for CJTC review before the suspension or probation is lifted to determine if the terms and conditions have been fulfilled.

The final order is subject to the judicial review provisions of the Administrative Procedure Act, RCW **34.05.510** through **34.05.598**.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

Standard:	Chapter 7 Policy 09 Administrative Closure	Revised: 10/23/2023; 07/02/2024
Authorizing Source: RCW 43.101.105		Applies to: Certification Staff

I. PURPOSE:

The Washington State Criminal Justice Training Commission (WSCJTC) developed this policy to expedite the intake review process and triage complaints and agency reports that fall outside of the WSCJTC's jurisdiction or do not otherwise meet the standards required for further investigation. The WSCJTC takes seriously all matters which may invoke its authority to take action against an officer's certification. For complaints and agency reports that fall outside of the established criteria, the WSCJTC will seek administrative closure of the matter.

II. DEFINITIONS:

Duplicate case – When the WSCJTC receives and logs information from multiple sources concerning the same allegation(s), incident, and/or fact pattern, or a complainant refiles a previously closed complaint without providing substantial new evidence.

Primary case – The case number used for an investigation where duplicate cases existed and were administratively closed. Information from duplicate cases is moved into the primary case.

III. POLICY:

A. Complaints and agency reports designated for administrative closure:

1. The complaint or agency report does not allege conduct which, if true, would invoke the WSCJTC's authority to deny, suspend, or revoke an officer's certification under RCW 43.101.105.
2. It is beyond reasonable dispute that the facts of the complaint are inherently implausible or incredible (e.g., frivolous, physically impossible, etc.).
3. The complaint or agency report has already been closed after review or investigation, and the complainant has failed to provide substantial new evidence that was unknown to the WSCJTC (a "duplicate case").
4. The WSCJTC is unable to identify the subject officer after a reasonable inquiry.
5. The complaint lacks specific or sufficient information to proceed with further investigation, and the WSCJTC has attempted alternate avenues to obtain additional information.
6. The subject of the complaint is not a certified officer in Washington State or is deceased.

7. The officer's certification has already been revoked through final order of a hearing panel, order of default, or surrender of certification.
 8. The WSCJTC has an active case concerning the same allegation(s), incident, or fact pattern (a "duplicate case").
- B. Complainants, subject officer(s), and employing agencies are notified of administrative closures in writing.
 - C. To preserve the integrity of the WSCJTC investigation processes, cases that are administratively closed must be screened by two supervisors prior to closure, generally the Case Review Manager and the Investigations Division Manager.
 1. Cases closed under subsections 6, 7 and 8 can be closed by the Case Review Manager without a second supervisor's concurrence.
 - D. In cases that are administratively closed pursuant to subsections A (1) – (3), complainants will be provided an opportunity to appeal the decision to the Assistant Director of Certification. Notice of the outcome of the appeal will be provided to the complainant, subject officer(s), and employing agencies in writing.
 - E. In any case that is administratively closed for lack of jurisdiction, the WSCJTC will forward the complaint to an appropriate oversight agency, if known.
 - F. Administrative Closures shall be listed in the Certification database and will include the category authorizing closure pursuant to this policy.

CRIMINAL JUSTICE TRAINING COMMISSION POLICY MANUAL

	Chapter 7 Policy 10 Responsibilities of WSCJTC Staff to Report Potential Certified Officer Misconduct	Effective: 06/21/2024
Authorizing Source:		Applies to: All Staff

I. PURPOSE:

This policy outlines the procedures for proper reporting of potential misconduct involving a Certified Officer to the Certification Division of the Washington State Criminal Justice Training Commission (WSCJTC). Reports of misconduct involving Certified Officers will be promptly reviewed and/or investigated to determine if the misconduct could result in action against an officer's certification.

II. DEFINITIONS:

Certified Officer – Any officer who has obtained and maintains certification pursuant to Chapter 43.101 RCW.

Officer Misconduct – Any conduct that could result in the revocation or suspension of an officer's certification pursuant to [RCW 43.101.105](#) subsections (2) and (3).

Retaliation – Punishing, intimidating, or harassing conduct directed against any participant in an investigation because of their cooperation with the investigation.

Division Initiated – The status assigned to certification investigations that are opened by the Certification Division on its own authority without a public complaint or law enforcement agency report of misconduct.

III. POLICY:

A. All WSCJTC staff have a duty to immediately report directly to the Certification Operations Division Manager, Investigations Division Manager or Assistant Director if they witness or become aware of allegations of potential Certified Officer Misconduct.

1. Staff are required to have a general understanding of the types of Certified Officer Misconduct that may result in denial, suspension, or revocation of peace and corrections officer certification under the law, including but not limited to felony or gross misdemeanor domestic violence offenses, sexually motivated offenses, serious uses of force that violate law or agency policy, dishonesty, prejudicial or discriminatory conduct, or affiliation with extremist organizations.
2. Staff may report information to the Certification Division's Operations Manager by email, phone, or in-person.

3. Staff members should report allegations of Certified Officer Misconduct without investigating the allegations themselves.
- B. If a staff member is uncertain whether the alleged Certified Officer Misconduct meets the criteria for action against the officer's certification pursuant to [RCW 43.101.105](#), they are required to report the information to the Certification Division.
 - C. WSCJTC staff and supervisors are prohibited from engaging in any act of retaliation against other staff members who report allegations of Certified Officer Misconduct in good faith pursuant to this policy, whether or not a Certification Division investigation substantiates the allegations.
 - D. WSCTC staff members who make reports pursuant to this policy are not complainants, and investigations opened as a result of such reports will be opened as "Division Initiated." Staff members, however, who have personal knowledge of Certified Officer Misconduct are expected to cooperate with any Certification Division review or investigation.
